INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years and months, the latter applying only to those under 1 year of age.

Column 4—*Sex*.—The entry in column 4 should be either M (male) or F (female).

Column 5—*Married or single*.—The entry in column 5 should be either M (married)

Single *single*, *Wid (widowed)*, or *D (divorced)* *Occupation & Calling of occupation*—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each adult resident, such as examples: civil engineer, stationary engineer, executive engineer, mining engineer, time teller, stock polisher, iron molder, weld-turner, etc., and not simply as "teacher," "policeman," "doctor," or other indefinite descriptions.

A distinction should be made between *farmers* and *farm labourers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.
A *farm laborer* is one who works on a farm for the man who operates it.

Stampsap companies should make this distinction on the manifests, and correct action should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Should be either Yes (can read and write), No (can neither read nor write), Yes* (can read but not write).

Column 8. *Nattingally.* Column 8 should be construed to mean the country of which immigrant is neither a nor subject.

Column 9: Race or people. The entry in column 9 should show the race or people given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully reviewed by inspectors and registry clerks in this regard. To

instance, "French" appearing on a manifest does not necessarily mean "French" by race; people and immigrants at "French" appearing on a manifest does not necessarily mean "French" by nationality. And one who is Irish, German, or Hebrew by race might properly appear under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CLEAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIES

* West Indian refers to the people of the West Indies rather than United Negro College.

"Spanish-American" refers to the people of Central and South American Spanish descent.

CONTINUATION OF TABLE 1

"African (black)" refers to the African Negro, whether coming from Cuba or all islands of the West Indies, North or South America, Europe, or Africa. Any alien who is a descendant of blood of the African Negro should be classified under this heading.

The people who are native to the regions of the Rhaetia in northern Italy, i. e., the portions of Piedmont, Lombardy, Venetia, and Tyrol, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "German" people. Most of these people speak a dialect of the German language.

The people who are native to that portion of the basin of the River Isère, comprising, in fact, the Marais, the Grange, the Abbaye and Molay, Ampay, Aupia, Bastarda, Cusson, and Soignard, and their descendant should be classed as Italian, south.

Creating the Last Permanent Residence. An annual residence of one year shall constitute permanent residence. The first country in which alone resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence.

resident therein. The entries in column 4 indicate whether *primary, secondary or tertiary* the permanent residence. It is important for statistical purposes that ship-ship companies accurately show country of not permanent residence, independent of country of temporary

Visitors who are permanent residents of the United States and are returning from visit abroad should be recorded in main data table, state, for country of last permanent residence.

2. *Name and complete address*—*Required*.—Should be given in roman letters for ease. The entry in column 11 should give name and address of such relative. If no such relative, then give name and address of friend.

relative, living, living alone and address of friend.
(*Chain of Command*) Intended for permanent residence shall be the intended destination. An intended residence of one year only in column D should show definitely the date of departure from the United States, if the person is to leave the United States. If the person is to remain in the United States, the intended residence shall be the intended destination. A future permanent residence shall be the intended destination. If the person is to leave the United States, the intended residence shall be the intended destination.

[illegible]

by whom passage was paid as self, husband, father, brother, or other relative. (If on steamship company, etc.)

Column 4: Whether an inheritance tax is paid by the donor. The entry in column 4 should give in each case (polydactyl or not) the exact amount of money shown Money brought by the head of a family should not be divided among the several members of the family.

Colonies. Whether ever before in the United States, and if so, when and where? I
entirely in column 17, and show whether it is a Year or a Day in the United States, both
and if so, the year or month of year; and also (see 1806, 9, Philadelphia)

in column 48 should show whether a value for $\log_{10}(\sigma_{\text{rel}})$ is relative or fixed. This in column 48 should show whether a value for σ_{rel} is relative or fixed; and if σ_{rel} is relative or fixed, with name of the complete value.

A Columnas 14 to 23. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, *V. J. Johnson*, Surgeon of the *Swedish* do
 solemnly, sincerely, and truly swear that I have had *10* years' experience as a Physician
 and Surgeon, and that I am entitled to practice as such by and under the authority of
The Medical Co. Copenhagen and that I have made a personal examination of
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, *all* in number, are, according
 to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical
 condition of such aliens.

For continuous random variables, we have $\mathbf{r}_1 = \mathbf{r}_2 = \mathbf{r}$. Note that the density $S(\mathbf{r})$ has been defined as the probability of finding a pair of particles at \mathbf{r} and \mathbf{r} (i.e. $\mathbf{r}_1 = \mathbf{r}_2 = \mathbf{r}$) in a unit volume. In the case of discrete random variables, \mathbf{r}_1 and \mathbf{r}_2 are discrete vectors and $S(\mathbf{r})$ is the probability of finding a pair of particles at $\mathbf{r}_1 = \mathbf{r}_2 = \mathbf{r}$ in a unit volume. Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, MASTERS of the "United States" from 1897 do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel having therein, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, Rec. in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one acknowledging belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 8 (Age). The return of age in column 7 should be expressed in years or months, the latter applying only to those under 1 year of age.

1. *Married or widowed* — The entry in column 1 should be either M (married) or W (widowed).
 2. *Single*, *Wid* (widowed), or *D* (divorced) — The entry in column 1 should be either M (married),
 S (single), W (widowed), or D (divorced).

Column 3: Occupation. The entry in column 3 should describe, as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *formers* and *form income*, regardless of the amount of money shown, as follows:

A tarrano is one who operates a tarran, either for himself or others.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of immigrants.

Column 7 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

C. Bruce S. Naton, et al. Column 8 should be construed to mean the country of which respondent is a citizen or subject.

Telephone Number *Page* The entry in column 9 should show the race or gender as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality and passports should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a passport does not necessarily mean "French" by race or people, an "English" passport holder is not necessarily an "Englishman" by race or nationality. An alien who is born, continues to live by race might possibly come under the heading of "United Kingdom or any other country by nationality." In this connection the following distinction should be specially observed:

TRAN.

The term 'Cuban' refers to the Cuban people (not Negroes).

WILLIAMS

* West India refers to the people of the West Indies other than Cuba, not Negroes.

S. VAN DER VLIET AND A. N.

¹Spanish American refers to the people of Central and South America of Spanish descent.

A001045 1 0 9 1 5

African Black refers to the African Negro whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

On the early morning of 11 September 1941, British intelligence intercepted a message from Poland to Germany, which read: 'The situation in the West is becoming increasingly serious. Secret and Air Force High Command are discussing the possibility of a military intervention. Most of the people are in favour of such an action.'

The results show no major spatial pattern in the distribution of the two species. In the four compartments of the four houses in Madrid, the mean number of *A. gossypii* and *M. domestica* per house was 1.0 and 0.2, respectively. In the Argentinean houses, the mean number of *A. gossypii* and *M. domestica* per house was 1.0 and 0.2, respectively. In the Argentinean houses, the mean number of *A. gossypii* and *M. domestica* per house was 1.0 and 0.2, respectively. As a result, when the number of nodes decreases, the number of states $|S|$ decreases, and the visit almost, should be restricted in options. Since $U_{\text{visited}}(S_{\text{visited}}) = 1$, $U_{\text{visited}}(S_{\text{visited}}) \cap U_{\text{visited}}(S_{\text{visited}}) = \emptyset$, and $U_{\text{visited}}(S_{\text{visited}}) = \emptyset$.

to show, due to the fact that the \mathcal{H}^1 -norm of the function $\mathcal{H}^1(\mathbb{R}^d)$ is not a norm, it is not clear how to define the \mathcal{H}^1 -norm of the function $\mathcal{H}^1(\mathbb{R}^d)$. However, we can define the \mathcal{H}^1 -norm of the function $\mathcal{H}^1(\mathbb{R}^d)$ as the \mathcal{H}^1 -norm of the function $\mathcal{H}^1(\mathbb{R}^d)$ at the family

Let $\mathcal{C} = \{C_1, \dots, C_n\} \in \mathcal{W}(\mathcal{H}, \mathcal{H})$, $\mathcal{C} = \{\pi_1, \dots, \pi_n\} \in \mathcal{P}(\mathcal{H}, \mathcal{H})$, $\mathcal{C} = \{C_1, \dots, C_n\} \in \mathcal{W}(\mathcal{H}, \mathcal{H})$ and $\mathcal{C} = \{\pi_1, \dots, \pi_n\} \in \mathcal{P}(\mathcal{H}, \mathcal{H})$. Then, the following conditions are equivalent:

- \mathcal{C} is a \mathcal{W} -orthogonal family.
- \mathcal{C} is a \mathcal{P} -orthogonal family.
- \mathcal{C} is a \mathcal{W} -orthogonal family.
- \mathcal{C} is a \mathcal{P} -orthogonal family.

Proof. (i) \Rightarrow (ii) Let $\mathcal{C} = \{C_1, \dots, C_n\} \in \mathcal{W}(\mathcal{H}, \mathcal{H})$ be a \mathcal{W} -orthogonal family. Then, for any $i, j \in \{1, \dots, n\}$, we have $\langle C_i, C_j \rangle_{\mathcal{W}} = 0$. This implies that $\langle C_i, C_j \rangle_{\mathcal{P}} = 0$ for all $i, j \in \{1, \dots, n\}$. Hence, \mathcal{C} is a \mathcal{P} -orthogonal family.

(ii) \Rightarrow (i) Let $\mathcal{C} = \{C_1, \dots, C_n\} \in \mathcal{P}(\mathcal{H}, \mathcal{H})$ be a \mathcal{P} -orthogonal family. Therefore, the conditions are equivalent. \square

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), or S (single).

single, Wid (widowed), or D (divorced).

(*Chinese* = *Chinese* and *native*). The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example, Civil engineer, stationary engineer, locomotive engineer, brass publisher, steel polisher, iron moulder, wood-turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *forms* and *form labors*, regardless of the amount of money shown, as follows:

1. *Author*—A person who creates a term, either for himself or others.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7, *Ab. to read and write*.—Column 7 is subdivided and the entries there can be either Yes, Yes (can read and write), No, No (can neither read nor write), or No (can read but not write).

Column 8 (*Nationality*). Column 8 should be construed to mean the country of which the grant is a citizen or subject.

Special attention should be paid to the distinction between race and nationality, and manliness should be carefully revised by inspectors and reality checks in the guard. For instance, "I am" appearing in a manifest does not necessarily mean "I am" by race, people, and ultimately, "French" appearing on a manifest does not necessarily mean "I am" by nationality. An alien who is Irish, German, or Hebrew by race might perfectly well consider the banner of United Kingdom or any other country by nationality. In this context the following distinctions should be especially observed:

COMPAN.

The term "Cuban" refers to the Cuban people, not Negroes.

APPENDIX

“West Indian” refers to the people of the West Indies other than Cuban and Negro

NEWSPAPER AMERICANS

"Spanish-American" refers to the people of Central and South America of Spanish descent.

ALFRED AN. CHALK

"African black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. A Caucasian with an admixture of blood of the African Negro should be classified under the former.

The people who are native to the basin of the River Po in northern Italy are, comparatively, the least "European," Veneto, and Lombardy, where one might, whether residing in Italy or Switzerland, find a great many of many other countries, be considered as "Italian" (mostly). Most of these people speak a Gallic dialect of the Italian language.

THEY CAN BE USED

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Toscana, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicilia, and Sardinia) and their descendants should be classed as Italian south.

should be based on the *de jure* residence. A 100% resident under 18 years should constitute 100% of the population. A 100% resident aged 18 years should constitute 100% of the permanent residents. The countries in which the number of the population of remaining as long as one year of the last permanent residence regarding the length of a permanent residence. The countries in which the last show the number of the permanent residence. It is important for statistical purposes that citizenship companies permanently show the number of the permanent residents independent of the number of temporary residents, national and foreign.

Aliens who are permanent residents of the United States and are over the age of 18 should be recorded as having a United States country of birth and permanent United States residence.

relative living, \bar{y} , and standard deviation of profit, σ_y , are given by

$$\bar{y} = \frac{1}{n} \sum_{i=1}^n y_i \quad \text{and} \quad \sigma_y = \left[\frac{1}{n} \sum_{i=1}^n (y_i - \bar{y})^2 \right]^{1/2}.$$

It should be pointed out that the standard deviation will be the standard deviation of the profit, not of the profit per unit of investment. An investor would want to know the standard deviation of the profit per unit of investment. This can be obtained by dividing the standard deviation of the profit by the mean profit per unit of investment. The standard deviation of the profit per unit of investment is denoted by $\sigma_{y/x}$ and is given by

$$\sigma_{y/x} = \frac{\sigma_y}{\bar{x}}.$$

$V_{\text{eff}} = \phi(\mathbf{r}) + \frac{1}{2}m\omega^2 r^2$ was used in the final step. For a given \mathbf{r} , the minimum of V_{eff} is found by solving $\nabla V_{\text{eff}} = 0$ in \mathbf{r} space. The minimum value of V_{eff} is then substituted into the effective potential V_{eff} to obtain $V_{\text{eff}}(\mathbf{r})$.

The leaves were ground in a mortar and pestle with 10 ml of 80% methanol. The homogenate was centrifuged at 1000 g for 10 min. The supernatant was transferred to a volumetric flask and the volume was made up to 10 ml with 80% methanol. The absorbance of the supernatant was measured at 663 nm and 646 nm. The concentration of *Chlorophyll a* and *Chlorophyll b* was calculated using the following equations:

is possible that equation (1) can be solved for θ in terms of θ_0 and θ_1 for a given θ_0 and θ_1 and θ is a function of θ_0 and θ_1 . In this case, the equilibrium state can be calculated in terms of θ_0 and θ_1 and these parameters, which are the initial conditions, are determined by the initial position, position velocity, force, and internal force of the system.

As a preparation for the next step, we have to show that $\mathcal{A}(\mathcal{C})$ is a \mathcal{C} -algebra, regardless of the choice of \mathcal{C} . For this, we need the following lemma.

Let $\mathcal{C} = \{C_1, \dots, C_n\}$ be a family of n matrices in $\mathbb{R}^{d \times d}$ which satisfy $\mathcal{C}_i^T V_i = 0$ for all $i \in [n]$. Then, the set of all vectors $x \in \mathbb{R}^d$ such that $\mathcal{C}_i^T x = 0$ for all $i \in [n]$ is the null space of the matrix \mathcal{C} .

Special attention to the MBE program is required because of the many difficulties and constraints that have caused a number of states to have a less than optimal program. The program is often a patchwork of laws and regulations, and the state may have no means of enforcing the law. As a result, it is important that the MBE program be a part of a comprehensive and coordinated effort to improve minority business development and the economic development of the state. The state must also have a clear vision of the program, and a strong commitment to the program. The state must also have a strong commitment to the program, and a strong commitment to the program.

There are also constraints on the use of the River Plumberton Drainage system, particularly in the context of the A166. A number of factors have been identified as potential constraints on the system, including the need to maintain the system in good working order, the need to ensure that the system is not overloaded, and the need to ensure that the system is not used for purposes other than its intended use. Most of these points will be considered in the following sections.

For example, the following effect of the α parameter on the probability of a downward jump in the α -th iteration of the algorithm is illustrated in Figure 1. Moreover, the following table shows the results of the simulation for the α parameter. The results are obtained by averaging over 1000 replications of the algorithm.

Since \mathcal{L}_1 is a linear space, it is closed under the addition of functions and the multiplication of functions by scalars. It is also closed under the pointwise multiplication of functions, since $(f + g)(x) = f(x) + g(x)$ and $(fg)(x) = f(x)g(x)$ for all $x \in \mathbb{R}$. It is not closed under the pointwise division of functions, since $(f/g)(x) = f(x)/g(x)$ is not defined for $x = 0$.

There is a large literature on the effects of the environment on the development of the brain. However, the majority of this research has been done in animals, and the results are often difficult to interpret. In contrast, the research on the effects of the environment on the development of the brain in humans is much more limited. This is because it is difficult to control the environment of a human child in a laboratory setting. However, there is a growing body of research on the effects of the environment on the development of the brain in humans, and this research is beginning to provide some insights into the role of the environment in brain development.

The proportion of the population that speaks the dominant language is not the same everywhere. A significant difference is found between countries where the majority of the population speaks a language other than English and countries where it does not. About 70 per cent of the population speak one of the 100 most common languages.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, R. K. Keltner, **MASTER** of the S.S. United States, from Copenhagen, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number and from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex. The entry in column 2 should be either M. (male) or F. (female).

Column 3. Marital status. The entry in column 3 should be either M. (married), S. (single), W. (widow), or D. (divorced).

Column 4. Calling or occupation. The entry in column 4 should describe, as accurately as possible, the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Farmers—those who operate a farm, either for himself or others.

Farm laborers—those who work on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and officers should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5. Able to read and write. Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), Yes, No (can read but not write).

Column 6. Nationality. Column 6 should be restricted to mean the country of which the immigrant is a citizen or subject.

Column 7. Race or people. See list of races on back of this manifest. The entry in column 7 should show the race or people given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "Irish" appearing on manifest does not necessarily mean "Irish" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban (not Negroes).

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICAN.

"African American" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN—NORTH.

The people who are native to the basin of the River Po in northern Italy, i.e., compartments of Piedmont, Lombardy, Venetia, and Friuli, and to some districts, who have resided in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian—north." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN—SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po, i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia, and their descendants, should be classed as "Italian—south."

Column 8. Last permanent residence. An alien's residence, if one, as defined herein, shall be the last permanent residence regardless of length of actual residence therein. The entry in column 8 should show the country, city or town, and last permanent residence. It is the intent for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States permanent residents.

Column 9. Name and complete address of nearest relative in United States. The entry in column 9 should give name and address of nearest relative in United States, and address of relative in United States, and address of relative in United States.

Column 10. Intended future permanent residence. The entry in column 10 should show the intended future permanent residence, if any, and the country, city or town, and last permanent residence, if within the United States, or outside the United States.

Column 11. Whether subject to federal detention. The entry in column 11 should be either Yes (detained) or No (not detained).

Column 12. Relationship to person by whom passage was paid, as set forth in column 1. The entry in column 12 should be either Yes (detained) or No (not detained).

Column 13. Whether accompanied by wife and family. The entry in column 13 should give, in each case, name and address of family, the exact amount of money shown, money brought by the head of a family should not be divided among the several members of the family.

Column 14. Whether ever before in the United States, and if so, when and where. The entry in column 14 should show whether or not Yes or No in the United States before, and if so, the year (or period of years) and place, as, 1891-97, Philadelphia.

Column 15. Name of nearest relative in United States, and address of relative. The entry in column 15 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 16. The answers in these columns are subject to review by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, *J. V. Johansson*, Surgeon of the *U.S.S. Albatross*, sailing therewith, do solemnly, sincerely, and truly swear that I have had *10* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of *The medical College of Copenhagen*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, *Serial* in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Code 000 = 100. The return of age in column 3 should be expressed in years or months (to 1 digit) applying only to those under 1 year of age.

(c) If $x = y$, then the corresponding entry in column 4 should be either M (male) or F (female).

A distinction should be made between *primary* and *secondary* regardless of the amount of time any ship stays as follows:

1. $f(x) = 1$ if x is a woman who operates a farm, and 0 for him or her otherwise.
 2. $f(x) = 1$ if x is a man who works on a farm for the man who operates it,

Stream-line companies should make this distinction in the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of each vessel.

³ When people become native to that portion of the Amazon basin between the River Negro and the Amazon, they are known as *Marabonites*. The *Albino* and the *Albino* are the names of the two principal children of the *Marabonite* and the *Albino* are the children of the *Marabonite*.

At present, there is no theoretical basis for the existence of a minimum value of α for which the system is stable. It is only known that the system is stable for $\alpha \geq 1$ and unstable for $\alpha < 1$.

Visitors who are nonresident aliens of the United States and are receiving free admission (or reduced admission) should be recorded as nonresident aliens for admission purposes.

The error in computing the change in name addresses is a relative difference of 1.6%. Address errors are small and address errors are small.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation, trade, or profession). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown in column 16.

Column 5 (Where born). The entry in column 5 should be the name of the place where the alien was born, either for himself or others.

Steamship companies should make this distinction on the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 6 (Can read and write). Column 6 is subdivided and the entries therein should be either Yes (Yes, can read and write), No (No, can neither read nor write), or Yes (Yes, can read but not write).

Column 7 (Nationality). Column 7 should be construed to mean the country of which the immigrant is a citizen or subject.

Column 8 (Race or people). See list of races on back of this manifest. The entry in column 8 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Irish" appearing on a manifest does not necessarily mean "Irish" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN-PEOPLE.

"African-black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN-NORTH.

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia and Friuli, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN-SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)."

Column 9 (Last permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intent not to remain less than one year shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 9 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 10 (Name and complete address of nearest relative in United States when coming). The entry in column 10 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 11 (Intended future residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 11 should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 12 (Whether carrying a ticket to such final destination). The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid). The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (Whether a possession of \$50 and if less, how much). The entry in column 14 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where). The entries in column 15 should show whether or not Yes or No, in the United States before, and if so, the year or period of years, and place, as, 1894-95, Philadelphia.

Column 16 (Whether ever before in the United States, and if so, what status or relation). The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 17 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

11-10538

Affidavit of Surgeon.

I, Dr. William J. Hall, Surgeon of the STAMPALIA, do solemnly, sincerely, and truly swear that I have had years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Italian Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column (Age). The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 1 (Sex): The entry in column 1 should be either M (male) or F (female).
Column 2 (Married): The entry in column 2 should be either M (married), S (single), W (widow/widower), or D (divorced).

Columba (*Columba squamata*). The entry in column 6 should describe, as accurately as possible, the composition of each item, such as for example: (red) enamel, (brown) enamel, lacinated lacinate enamel, (orange) enamel, brass powder, (red) shell, (green) shell, wood, etc. and if not simply as enamel, polished, welded, turned, or other multiple descriptions.

A distinction should be made between *products* and *free labourers*, regardless of the amount of money shown, as follows:

4. *Tennor* is one who operates a tannin, either for himself or others.

Steamship companies should make this distinction on the manifest, and corrections should be made, if necessary, by inspectors and by the check-clerks, the personal examination of alien arrivals.

When intending to pass through and out of the United States, should be recorded under head of occupation as "in transit." This category only for a temporary return to the United States, but not intending to pass through in transit, should be classed as "emigrants," including all emigration.

Change: Yes, No, to read and write. Column 7 is highlighted and the entries there should be either Yes, No, can read and write, No, No, can neither read nor write, or

Yes No *Not a citizen of any country*

Country of birth (No. 10, *ability*). Column 8 should be constructed from the country of which respondent has been a citizen or subject.

Color or *Race or people*—The entry in column 9 should show the race or people as a condition on basis of this manifest.

Special attention should be paid to the distinction between race and nationality, and emphasis should be carefully placed by inspectors and managers alike on this regard. For instance, if one's application to a railway is not successful because of one's race, it is not one's nationality that is prejudicial, although appearance of a national does not automatically make one a national. Attention should be directed, for example, to the fact that a railway is not under the heading of United Kingdom and other country, but, on the contrary, the connection with railway inspection should be specially observed:

41.42

The term "Cuban" refers to the Cuban people (not Negroes).

WINE INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SOUTHWESTERN AMERICAN

*Spanish-American refers to the people of Central and South America of Spanish descent. 11-1149

11-1115

AFRICAN (BLACK)

Meet to these people speak a Gallic dialect of the Italian language.

HEATH AND COHEN

The people who are native to that portion of Italy south of the basin of the River Po, i.e., Campania, Apulia, Basilicata, Calabria, Sicily, and Saraguna, and their descend-
ants should be classed as Italian, South.

at least one last permanent residence. The entries in column 10 should show the *country and state* of last permanent residence. If a respondent has statistical purpose, that is, to compare response consistently across country of last permanent residence and/or last country of temporary residence, nationality or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests United States for country of last permanent residence.

Column 1: Name and complete address of next of relation as of 1 and in country where alien is now. The entry in column 11 should give name and address of one relative, but no other relatives, if any, in name and address of friend.

months, the latter up to 100 days. The model used here is

$$C_{\text{observed}} = S_{\text{observed}} + P_{\text{observed}} + \text{error}, \quad \text{Eqn (1)}$$

where C_{observed} is the observed concentration, S_{observed} is the observed suspended solids concentration, P_{observed} is the observed phytoplankton concentration, and error is the error term. The error term should be either normally or log-normally distributed. We evaluated the model using both the observed and predicted data.

Chlorophyll a ($\text{Chl } a$) is *carotenoids*. The literature comment should describe, as accurately as possible, the composition, the composition of each of the two, for example, "Chlorophyll *a* and *b* are the two main components of the green color of plants. Moreover, a further step towards a more unified and coherent EU legal State should be recorded under the heading of competence. In particular, the competence of the European Commission in the EU legal State has not according to paragraph 10 of the report, should be placed as "intermediate" under the heading of competence.

Column 7 is subdivided and the entries therein should be either Yes, No, or a dash (-) where Yes, No, or a dash should be written, or Yes, No, or a dash but not a dash.

Column 1 (Race & people)—The entry in column 1 should show the race or people as given in list on back of this manifest.

2. Special attention should be paid to the distinction between race and nationality, and nationality should be carefully explained by interpreters and agents working in the field. For instance, the term "apparent race" must be distinguished from the term "ethnicity" by race or people and similarly, "ethnicity" appearing on charts should not be necessarily mean "ethnicity" by nationality. An alien who is by U.S. custom or law by race but not by public law under the heading of United Kingdom is not any other country by nationality. Since \mathcal{A} is a subalgebra of \mathcal{B} , we have $\mathcal{A} \subseteq \mathcal{B}$. Let $\mathcal{A} = \{A_1, A_2, \dots, A_n\}$ and $\mathcal{B} = \{B_1, B_2, \dots, B_m\}$. Then $\mathcal{A} \subseteq \mathcal{B}$ implies that $A_i \in \mathcal{B}$ for all i . Since \mathcal{B} is a subalgebra, it is closed under the operations of \mathcal{A} . Therefore, \mathcal{A} is a subalgebra of \mathcal{B} .

I, **MICHELE MOTTA**, of the **S/S STAMPALLA**, from **NAPOLI**, do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Marital status). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationery engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for him or for others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Able to read and write). Column 5 is subdivided and the entries therein should be either Yes (Yes can read and write), No (No can neither read nor write), or Yes (No can read but not write).

Column 6 (Nationality). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully rechecked by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBANS.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIANS.

"West Indian" refers to the people of the West Indies other than Cuban (not Negroes).

SPANISH-AMERICANS.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICANS.

"African American" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people whose native birth is the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Veneto, and Trieste) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as "Italian (North)". Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Toscana, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (South)".

Column 10 (Last permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 10 should show the country, not the continent, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative residing in United States). The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Intended future place of residence). Intended future place of residence shall be the first destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show the place, city or town, of intended future permanent residence, if within the United States, or country, if outside the United States.

Column 13 (Whether baggage ticket bought, paid for, or taken). The entry in column 13 should be either Yes (bought or paid for) or No (not taken).

Column 14 (Whether any person paid). The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 15 (Whether in possession of \$20.00 or more). The entry in column 15 should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be valued among the other members of the family.

Column 16 (Whether ever before in the United States, and if so, when and where). In entries in column 16 should show whether and when in the United States before and if so, the year, composed of years and place, as 1894-95, Philadelphia.

Column 18 (Whether ever before in the United States, and if so, when and where). The entry in column 18 should show whether ever before in the United States, and if so, what relative or friend, with name and complete address.

Column 19. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

"Race or people" is to be determined by the race into which persons
 spring and the language they speak. "True original stock or blood" is
 to be the basis of the classification independent of language. The mother
 tongue is to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).
Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:
Farmers—Those who operate a farm, either for himself or others.
Farm laborers—Those who work on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5 (Able to read and write). Column 5 is subdivided and two entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).
Column 6 (No quality). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.
Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

- The term "Cuban" refers to the Cuban people and Negroes.
- WEST INDIAN
- "West Indian" refers to the people of the West Indies other than Cuba (not Negroes).
- SPANISH-AMERICAN
- "Spanish-American" refers to the people of Central and South America of Spanish descent.
- AFRICAN-AMERICAN
- "African-American" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien of African descent should be classified under this heading.

ITALIAN (NORTH).
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Mantua and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.
ITALIAN (SOUTH).
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." **Column 10 (Last permanent residence).**—An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country, and the year of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, etc.
Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States or country of last permanent residence.
Column 11 (Name and address of relative).—If no such relative living, give name and address of nearest relative.
Column 12 (Intended future permanent residence).—The entry in column 12 should show definitely the place, city or town, or intended future permanent residence, if within the United States; country, if outside the United States.
Column 13 (Whether to be paid for passage).—The entry in column 13 should be either Yes (to be paid for) or No (not to be paid for).
Column 14 (Whether to be paid for passage).—The entry in column 14 should show definitely by whom passage was paid, i. e., if husband, father, brother, or other relative, friend, or steamship company, etc.
Column 15 (Whether to be paid for passage).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 16 (Whether to be paid for passage).—The entry in column 16 should show whether or not Yes or No in the United States before; and if so, the year (or period of years) and place, i. e., 1894-97, Philadelphia.
Column 17 (Whether to be paid for passage).—The entry in column 17 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.
Column 18 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Sworn to before me this _____ day of _____, 19____, at _____

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Can read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 10 (Last permanent residence).—An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents in the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and name of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 13 should show definitely the place, city or town, or intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether alien held ticket for final destination).—The entry in column 14 should be either Yes (ticket), or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of money, and if so, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States, and if so, where and when).—The entries in column 17 should show whether or not (Yes or No) in the United States before, and if so, the year or period of years and place, as 1894-95, Philadelphia.

Column 18 (Alien's own relatives, friends, and if so, what relatives or friends).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with named complete address.

Column 19 (Remarks).—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Emilia, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia) and their descendants should be classed as "Italianni, southern."

Special attention should be paid to the distinction between race and nationality, and analysts should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" is a nationality, a word that does not race-ally mean "French" by race or ethnicity. The same is true of "English," "German," "Italian," "Spanish," "Portuguese,"

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (4, 5, 6). The reason for this is that a person should be expatriated in years or months, the latter applying only to those under 1 year of age.

Column 2 (7, 8). The entry in column 7 should be either M (male) or F (female).

Column 3 (9, 10, 11). The entry in column 9 should be either M (married), S (single), W (widow), or D (divorced).

Column 4 (12, 13, 14, 15). The entry in column 12 should describe the occupation as possible on occupation, trade, or profession (each align under 1, for example, Civil Engineer, Staff Nurse, Engineer, Income Tax Inspector, Engineer, Brass Polisher, Steel Polisher, Gun Maker, War Time Worker, and not simply as engineer, painter, moulder, turner, or other relevant descriptions).

Column 5 (16, 17). The entries between *parents* and *first birth* are, regardless of the amount of money shown, as follows:

1. *Other*—Some who operate a farm, either for himself or others.

2. *First birth*—Some who work on a farm for the man who operates it.

3. *Second birth*—Some who make this distinction on the farmists' and cowboys' and all the rest, if necessary, by inspection and registry clerks during the personal examination of the family.

Column 6 (18, 19, 20, 21, 22). Column 18 should be subdivided and the entries therein should be Yes, No, Yes (can read and write), No, No (can neither read nor write), or Yes, No, and all in between.

Column 8 (23, 24). Column 8 should be subdivided to mean the country of which immigrant is a native-born citizen.

Column 9 (25, 26, 27, 28, 29). See list of reasons back of this manifest. The entry in column 9 should be the name of the place given in the list.

Special attention should be paid to the distinction between race and nationality, and cowboys should be carefully reviewed. In particular, see clerks in the table. For instance, "I have been a cowman on a ranch for 20 years, and I am Irish," is a case of a person of the name "Irish" who cannot be classified as an American citizen because he is not really an "Irish" as we mean it, but Irish, German, or He'brew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinction should be specified and observed:

The term "Cuban" refers to the Cu²⁺ in pyrite and Ni₂pyrite.

$$W_1 = \frac{1}{2} \left(1 + \frac{1}{\sqrt{2}} \right) \lambda N,$$

"West Indians" to include persons of the West Indies other than Cuba and Negroes.

ACKNOWLEDGMENTS

"Spanish American" refers to the people of Central and South America of Spanish descent.

Abstract

"African blood" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be regarded as undesirable.

J. S. HAN, N. P. CHAN

The people whose native tongue is one of the lesser Romance Italian dialects, or even patois, in Piedmont, Lombardy, Venetia and Sicily, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or in other countries, should be classed as "Italian (northern)." INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to the under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Marital condition). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example: Civil engineer, stationery exporter, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmer* and *free laborer*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *free laborer* is one who works on a farm for the man who operates it.

Steamship companies should make the distinction on the manifests, and corrections should be made, if necessary, by inspection and registry clerks during the personal examination of alien arrivals.

Column 5 (Ability to read and write). Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes (No can read but can write).

Column 6 (Country of birth). Column 6 should be construed to mean the country of which immigrant is a citizen, as follows:

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspection and registry clerks in this regard. For instance, "French" appearing on manifest does not necessarily mean "French" by race or people, but may mean "French" by nationality. Similarly, "Irish" appearing on manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Italian by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

FRANCE.

The term "Celtic" refers to the Celtic people, not Negroes.

WEST INDIES.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN BLACK.

"African Black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. An alien with an admixture of blood of the African Negro should be placed under this heading.

ITALIAN (NORTH).

The people whose native birth is in the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Trentino) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or in any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 8 (Intended future permanent residence). An intended future permanent residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining at least one year shall be the last permanent residence, regardless of length of actual residence therein. The entry in column 8 should show the country of last permanent residence, not the country of last permanent residence for the purpose of that steamship company. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, not point of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifest as United States citizens of last permanent residence.

Column 9 (Name of relative). The entry in column 9 should give name and address of relative living, give name and address of friend.

Column 10 (Intended future permanent residence). Intended future permanent residence shall be the final destination. An intended future permanent residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the last country of last permanent residence, not the country of last permanent residence for the purpose of that steamship company. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, not point of country of temporary residence, nationality, or race.

Column 11 (Whether alien is a member of a family). The entry in column 11 should be either Yes (checked) or No (unchecked).

Column 12 (Whether alien is a member of a family). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether alien is a member of a family). The entry in column 13 should give in each case individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether alien is a member of a family). The entry in column 14 should show whether or not (Yes or No) in the United States before, and if so, the year or period of years and place, as, 1891-95, Philadelphia.

Column 15 (Whether alien is a member of a family). The entry in column 15 should show whether alien is in either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 16 (Whether alien is a member of a family). The answers in these columns are subject to revision by inspection officers in the case of alien arrivals.

Affidavit of Surgeon.

solemnly, sincerely, and truly *swear* that I have had *30* years experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of *the State of New York*,
and that I have made a personal examination of

I, MICHELE MOTTA, of the STAMPALIA, from Stampalia, do solemnly, sincerely, and truly depose that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Sex). The entry in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown, as follows:

Farmer.—One who operates a farm, either for himself or others.

Farm laborer.—One who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 6 (Nationality). Column 6 should be entered to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). Select of race or people as given in this list. The entry in column 7 should show the race or people as given in this list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully rectified by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinction should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN BLACK.

"African Black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia and Trentino, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 8 (Last permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intention of remaining there as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 8 should show the country and the name of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name of complete address of nearest relative in United States). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Intended destination). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place or city outside the United States to which permanent residence is intended, if within the United States, country, outside the United States.

Column 11 (Whether accompanied by wife, or not). The entry in column 11 should be either Yes (accompanied) or No (not accompanied).

Column 12 (Whether accompanied by wife, or not). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 13 (Whether accompanied by wife, or not). The entry in column 13 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States; and if so, when and where). The entries in column 14 should show whether or not (Yes or No) in the United States before; and if so, the year, or period of years and place (as, 1894-97, Philadelphia).

Column 15 (Whether accompanied by wife, or not). The entry in column 15 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 16. The answers in these columns are subject to revision by any inspection officer in the examination of manifests.

MICHELE MOTTA

I, *MICHELE MOTTA*, of the *from* *do*
solemnly, sincerely, and truly *that I have caused the surgeon of said vessel sailing therewith, or the surgeon*
employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the
foregoing Lists or Manifest Sheets, *in number, and that from the report of said surgeon and from my own*
investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or
a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous
contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or
misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an
anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a
woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that
also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said
aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return shall be in column 1 should be expressed in years or months; the latter applying only to those under 1 year of age.
Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).
Column 4 (Occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, railway engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or others.
A farm laborer is one who works on a farm for the man who operates it.
Stamps and companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).
Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.
Column 7 (Race or people).—See list of races on back of this manifest. The entry in column 7 should have the name or people as given in said list.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Italian by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).
SPANISH-AMERICAN.
"Spanish-American" refers to the peoples of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with a admixture of blood of the African Negro should be classified under this heading.

ITALIAN (WHITE).
The people whose native is the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Liguria, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (white)." Most of these people speak a dialect of the Italian language.
ITALIAN (BLACK).
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (black)."
Column 8 (Last permanent residence).—An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining a year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 8 should show the *city, town, or village* of last permanent residence. It is important for statistical purposes that stamps and companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.
Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.
Column 9 (Name and address of relative in United States).—The entry in column 9 should show name and address of relative. If no such relative in U. S., give name and address of friend.
Column 10 (Intended future permanent residence).—Intended future permanent residence shall be both final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show the *city, town, or village* of intended future permanent residence, describing the *city, town, or village* of country, outside the United States.
Column 11 (Whether he has been in the United States before).—The entry in column 11 should be either Yes (has been) or No (has not been).
Column 12 (Whether he has been in the United States before).—The entry in column 12 should show definitely by whom passage was paid, as self, brother, father, brother, or other relative, friend, steamship company, etc.
Column 13 (Whether he has been in the United States before).—The entry in column 13 should give in full name of individual or family, the exact amount of money shown. Money brought by the head of a family should be divided among the several members of the family.
Column 14 (Whether he has been in the United States before).—The entry in column 14 should show whether or not Yes or No in the United States before; and if so, the year or period of year and place, as, 1891-92, Philadelphia.
Column 15 (Comments on previous entries).—The entry in column 15 should show whether going to join other relative or friend; and if so, what relative or friend, with name and complete address.
Column 16 (Remarks).—The entries in these columns are subject to revision by an inspection officer in the examination room.

Affidavit of Surgeon.

Dott. Vittorio P..., Surgeon of the *...*, do
solemnly, sincerely, and truly that I have had *...* years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of the *Italian Government*
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according
to the best of my knowledge and belief, full, correct; and true in all particulars, relative to the mental and physical
condition of such aliens.

For instance, I will oppose the nationalism of a community even if I belong to that race or people, and I shall oppose the appearance of a racial difference in society, might I have it to nationality. An alien who is Irish, German, or Hebrew by race might properly come under the label of a foreigner, but not of a nationality by nationality. In this connection the following distinction should be especially observed:

I, **MICHELL M. TTA**, of the **NAPOLI**, do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The date of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, business agent, steel pen, iron moulder, wood turner, etc., and not simply as engineer, publisher, modeler, turner, or other indefinite designations.

A distinction should be made between *famulus* and *famulus laborer*, regardless of the amount of money shown, as follows:

Famulus. One who operates a farm, either for himself or others.

Famulus laborer. One who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Place of birth and date). Column 5 is subdivided, and the entries therein should be either Yes (can read and write), No (can neither read nor write), or Yes (can read but not write).

Column 6 (Nationality). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Whether paid for). The entry in column 7 should be either Yes or No.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appears on a manifest does not necessarily mean "French" by race or people and similar. "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or Germany by nationality. In this connection the following distinctions should be specially noted.

EUROPE.

The term "Cuban" refers to Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN ORIGIN.

"African Black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALY (North).

The people who are native to the basin of the River Po in northern Italy of the departments of Piedmont, Lombardy, Venetia, Trentino, and their descendants whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (North)." Most of these people speak a dialect of the Italian language.

ITALY (South).

The people who are native to that portion of Italy south of the basin of the River Po, the departments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardegnia, and their descendants should be classed as "Italian (South)." Most of these people speak a dialect of the Italian language.

Column 8 (Intended residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining longer than one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 8 should be: A (this country), B (last country), of last permanent residence. It is important for steamship companies to show country of last permanent residence independent of country of temporary residence, not country of origin.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States country of last permanent residence.

Column 9 (Name of last relative). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Intended future permanent residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place of future permanent residence, not residence within the United States, country, if outside the United States.

Column 11 (Whether married). The entry in column 11 should be either Yes (married) or No (single).

Column 12 (Whether paid for). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether paid for). The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (Whether paid for). The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

 solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therein, or the surgeon
 employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the
 foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own
 investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or
 a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous
 contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or
 misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an
 anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a
 woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that
 also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said

Officer.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, but later applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation). The entry in column 4 should be entered as accurately as possible, showing the nature of the business or profession of each alien upon arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass-pusher, steel worker, iron miller, wood turner, etc., and not simply as engineer, politician, miller, farmer, or other indefinite designations.

A distinction should be made between *ferme* and *fama* laborers, regardless of the amount of money shown, as follows:

1. *Ferme* laborers are those who are engaged, either for hire or otherwise.

2. *Fama* laborers are those who are engaged for hire for the purpose of operating it.

Stamps by consular officers should be placed on the manifest, and corrections should be made, if necessary, by inspection and registry clerk, during the personal examination of the alien.

Column 5 (Country of Birth). Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Column 6 (Country of Residence). Column 6 should be entered to mean the country of which the alien is a resident.

Column 7 (Place of Birth). The entry in column 7 should be entered in full, as in the case of the manifest. The entry in column 7 should show the exact place of birth as given in the list.

Special attention should be paid to the distinction between race and nationality, and race should be entered as given in the list, and nationality should be entered as given in the list. For example, "Italian" appearing on a manifest does not necessarily mean "Italian" by race or nationality. An alien who is Italian by race might properly come under the heading of French, English, or other country by nationality. In this connection, the following definitions should be carefully observed:

ITALY.

The term "Italian" includes the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICAN.

"African-American" refers to the African Negroes, whether coming from Cuba or other parts of the West Indies, North or South America, Europe, or Africa. Attention with restriction of the term "African-American" should be classified under the heading.

ITALIAN (Contd.).

The people who are native to the basin of the River Po in northern Italy, or the compartments of Piedmont, Lombardy, Venetia, Trentino, and those descendants, whether residing in Italy, Switzerland, Austria-Hungary, or in other countries, should be classed as "Italian (northern)." Most of these people speak a dialect distinct from the Italian language.

ITALIAN (Contd.).

The people who are native to that portion of Italy south of the basin of the River Po (the compartments of Liguria, Toscana, the Marches, Umbria, Romagna, Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (southern)." Most of these people speak a dialect distinct from the Italian language.

Column 8 (Intended Residence). An intended residence of one year shall constitute permanent residence. The last country in which the alien resided with the intention of remaining for one year shall be the last permanent residence, regardless of length of actual residence thereon. The entries in column 8 should show the country of last permanent residence. It is important for statistical purposes that stateless persons accurately show the country of last permanent residence, independent of country of temporary residence, nation, city, or town.

Aliens who are permanent residents of the United States, and are returning from a visit abroad, should be recorded in manifest as a United States citizen of last permanent residence.

Column 9 (Name). The entry in column 9 should show the name and address of the alien, as given in the list, and should be entered in full, as in the case of the manifest. If the alien is a relative of the alien named in the list, the name and address of the relative should be entered in column 9.

Column 10 (Place of Residence). The entry in column 10 should show the place of residence of the alien, as given in the list, and should be entered in full, as in the case of the manifest. If the alien is a relative of the alien named in the list, the name and address of the relative should be entered in column 10.

Column 11 (Date of Arrival). The entry in column 11 should show the date of arrival of the alien, as given in the list, and should be entered in full, as in the case of the manifest.

Column 12 (Date of Departure). The entry in column 12 should show the date of departure of the alien, as given in the list, and should be entered in full, as in the case of the manifest.

Column 13 (Whether a Passenger). The entry in column 13 should show whether the alien is a passenger, as given in the list, and should be entered in full, as in the case of the manifest.

Column 14 (Whether a Passenger). The entry in column 14 should show whether the alien is a passenger, as given in the list, and should be entered in full, as in the case of the manifest.

Column 15 (Whether a Passenger). The entry in column 15 should show whether the alien is a passenger, as given in the list, and should be entered in full, as in the case of the manifest.

Column 16 (Whether a Passenger). The entry in column 16 should show whether the alien is a passenger, as given in the list, and should be entered in full, as in the case of the manifest.

Column 17 (Whether a Passenger). The entry in column 17 should show whether the alien is a passenger, as given in the list, and should be entered in full, as in the case of the manifest.

Affidavit of Surgeon.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter apply only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), WA (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc.; and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Can read and write).—Column 7 is subdivided and the entries thereon should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTHERN).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Friulia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (northern)." Most of these people speak the dialect of the Italian language.

ITALIAN (SOUTHERN).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (southern)."

Column 10 (Intended residence).—An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents in the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and address of nearest relative residing in country where alien came). The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Intended future permanent residence).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show, briefly, the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 13 (Whether he came to United States for permanent residence). The entry in column 13 should be either Yes (checked) or No (unchecked).

Column 14 (By whom passage was paid).—The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 15 (Whether in possession of \$20 and if not, how much). The entry in column 15 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States, and if so, when and where). The entries in column 16 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-97, Philadelphia.

Column 17 (Giving names of relatives, friends, and if so, what relation or friend). The entry in column 17 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 18 (Remarks).—The answers in these columns are subject to revision by any inspection officer in the examination of a case.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, **MICHELE MOTTA**, of the **STAMPA**, from **ITALY**, do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).
Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
 A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or others.
A farm laborer is one who works on a farm for the man who operates it.
 Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5 (Able to read and write). Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).
Column 6 (Year of arrival). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.
Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.
 Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.
 The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
 "West Indian" refers to the peoples of the West Indies other than Cuba (not Negroes).
SPANISH-AMERICAN.
 "Spanish-American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
 "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTHERN).
 The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Trentino, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).
 The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country, *not* the town or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.
 Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States permanent country of last permanent residence.
Column 11 (Name and complete address of nearest relative or friend in the country whence alien came). The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.
Column 12 (Intended future permanent residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 13 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.
Column 14 (Whether alien has ticket to such final destination). The entry in column 14 should be either Yes (ticket) or No (no ticket).
Column 15 (By whom passage was paid). The entry in column 15 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.
Column 16 (Whether in possession of \$500 and if so, how much). The entry in column 16 should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 17 (Whether ever before in the United States, and if so, when and where). The entries in column 17 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place; as, 1901-2, Philadelphia.
Column 18 (Going to join relative or friend, and if so, what relative or friend). The entry in column 18 should show whether going to join a relative or friend, and if so, what relative or friend, with name and complete address.
Column 19 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of alien.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age). The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex). The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single). The entry in column 4 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 5 (Calling or occupation). The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write). Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality). Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people). See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

EUROPEAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (Black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 10 (Last permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining at least one year shall be the last permanent residence regardless of length of a final residence in or in. The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifest as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative living in country whence alien came). The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Intended future residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to, or a final destination). The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom passage was paid). The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of money and if so, how much). The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States, and if so, when, and where). The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year or period of years and place (as, 1891-95, Philadelphia).

Column 17 (Whether going to join a relative or friend, and if so, what relative or friend). The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 18 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

Dr. Vittorio N. ..., Surgeon of the *STANDARD*, do
solemnly, sincerely, and truly, that I have had *...* years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of *...*
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).
Column 3 (Marital or single). The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).
Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
Column 5 (Amount of money shown). A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or others.
A farm laborer is one who works on a farm for the man who operates it.
Column 6 (Country of birth). Steamship companies should make this distinction in the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 7 (Able to read and write). Column 7 is subdivided and the entries thereon should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).
Column 8 (Naturalized). Column 8 should be construed to mean the country of which immigrant is a citizen or subject.
Column 9 (Race or people). See list of races on back of this manifest. The entry in column 9 should show the race or people given in said list.
Column 10 (Destination). Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.
 The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
 "West Indian" refers to the people of the West Indies other than Cuba (not Negroes).
SPANISH AMERICAN.
 "Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (black).
 "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN NORTH.

The people who are native to the North of the River Po in northern Italy, i.e., the compartments of Piedmont, Lombardy, Veneto, and Trentino and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which aliens resided with the intention of remaining as long as one year shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should be with the country, and if returned last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States, and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 12 (Name of relative). Entries in column 12 should be given in the country of origin. If no such relative living, give name and address of friend.

Column 13 (Future permanent residence). Intended future permanent residence shall be the final destination. An intended future permanent residence shall be the final destination. Column 19 (Whether subject to military service). Columns are subject to revision by any inspection officer in the examination of manifests.

Affidavit of Surgeon.

Dr. V. M. R. Surgeon of the *STAMPA* do
solemnly, sincerely, and truly that I have had *12* years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of *the Government*
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, *30* in number, are, according
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The entry in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation or profession). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between *former* and *present* residence, regardless of the amount of money shown, as follows:

Former. Is one who operates a farm, either for himself or others.

Present. Is one who works on a farm for the man who operates it.

Ships' companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of the arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries therein should be either Yes (can read and write), No (can neither read nor write), or Yes (can read but not write).

Column 6 (Country of birth). Column 6 should be entered to mean the country of which the immigrant is a citizen or subject.

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully checked by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew, by race might properly come under the heading of United Kingdom, Germany, or Hebrew, by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN-BLACK.

"African-Black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be assigned under this heading.

ITALIAN-NORTHERN.

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Trentino) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (northern)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN-SOUTHERN.

The people who are native to that portion of Italy south of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (southern)".

Column 10 (Last permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intention of remaining as long as one year shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 10 should show the country, and if for more than one last permanent residence, it is important for statistical purposes that ships' companies accurately show country of last permanent residence, in preference to country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name of nearest relative residing in United States). If no such relative living, give name and address of friend.

Column 12 (Intended permanent residence). Intended permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place, city or town, or intended intermediate residence, if within the United States; or country, if outside the United States.

Column 13 (Whether accompanied by family). The entry in column 13 should be either Yes (accompanying family) or No (not accompanying family).

Column 14 (Whether accompanied by family). The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether accompanied by family). The entry in column 15 should show in each case, individually or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States). The entry in column 16 should show whether entered Yes or No in the United States before; and if so, the year or period of years, and place, as 1894-95, Philadelphia.

Column 17 (Whether ever before in the United States). The entry in column 17 should show whether ever before in the United States, and if so, what relative or friend, with name and complete address.

Column 18 (Whether ever before in the United States). The answer in these columns is subject to revision by any inspection officer in the event of a change of name.

Affidavit of Surgeon.

I, *Det. Villerio*, Surgeon of the *77* *do*
 solemnly, sincerely, and truly *swear* that I have had *25* years' experience as a Physician
 and Surgeon, and that I am entitled to practice as such by and under the authority of
 and that I have made a personal examination of
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, *25* in number, are, according

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

containing the latter applying only to those under 1 year of age.

Column 2. The entry in column 2 should be either M (male) or F (female).

Column 3. The entry in column 3 should be either M (married) or S (single).

Column 4. The entry in column 4 should be either A (alien) or B (British).

Column 5. The entry in column 5 should be either A (alien) or B (British).

Column 6. The entry in column 6 should describe as accurately as possible the occupation, trade or profession of each alien arrived, as for example: Civil Engineer, Elementary School Teacher, Domestic Servant, Farming, Engineer, Brass Polisher, Steel Plate or Sheet Maker, Wood Turner, etc., and not simply as engineer, polisher, moulder, turner, etc., or include no description.

A distinction should be made between *from* and *firm here*, regardless of the age of the entry, leaving a blank:

From—Someone who originates in a country, either for himself or others.

Firm here—Someone who works in a firm or for the man who operates it.

Should the papers should make this distinction, the manifests and corrections should be made accordingly by inspectors and entry clerks during the personal examination of each entry.

Column 7. The entry in column 7 should be either A (alien) or B (British) and the address therein should be either Yes—Yes, read and write; No—No, neither read nor write, or Yes—No, read but not write.

Column 8. Column 8 should be continued to mean the country of which the person is a native or subject.

Column 9. The entry in column 9 should be either A (alien) or B (British).

The entry in column 9 should be either A (alien) or B (British).

Special attention should be paid to the distinction between race and nationality, and statistics should be carefully revised to fit papers and manifest entries in this regard. For example, "Chinese" appearing on a manifest does not necessarily mean "Chinese" in race or nationality. "Chinese" in nationality means a manifest should be revised to "Chinese" in race and nationality. A Chinese whose birth, training or history is Chinese, but properly a subject of the United Kingdom, should be recorded as nationality by nationality. In this connection, the following distinction should be observed:

The word "Colored" refers to the Cuban people (not Negroes).
 "West Indians" refers to the people of the West Indies other than Cuba (not Negroes).
 "Spanish American" refers to the people of Central and South America of Spanish descent.
 "African American" refers to the African Negro, whether coming from Cuba or other parts of the West Indies, North or South America, Europe or Africa. Any African with the surname of "African" (the A.P.A. or N.A.A.A.P. have edited under this heading).

The people who are native to the basin of the River Bodensee in north-western Italy, in the department of Piedmont, Lombardy, Venetia, and the Tyrol, and the Swiss cantons of Graubünden, residing in Italy, Switzerland, Austria-Hungary, and other countries, should be known as "Italien (north)." Most of these people speak actually dialects of the Italian language.

The people who are native to that portion of Italy called the basin of the River Po (i. e. compartments of Liguria, Toscana, Marche, Umbria, Romagna, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian-south."

[illegible]

Adults who are permanent residents of the United States and are not familiar with it will, of course, should be recorded on United States Census, if they are of legal age.

columns. The value of λ is calculated as $\lambda = \frac{1}{2} \left(\frac{1}{\lambda_1} + \frac{1}{\lambda_2} \right)$, where λ_1 and λ_2 are the eigenvalues of the matrix A . The error in column 11 should give a good indication of the accuracy of the relative living cycle comparison. A detailed table can be found in the Appendix.

Unintended Interstate Migration. Unintended migration occurs if the place of birth is not the destination. An unintended residence move occurs if the place of residence is not the place of birth. The entry in column 1 should show definitively the place of residence, and the entry in column 2 should show definitively the place of birth. If the entry in column 1 is not the same as the entry in column 2, then the migration is unintended.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, **MICHELE MITTA**, of the **S/S STAMPALIA**, from **NAPOLI**, do solemnly, sincerely, and truly **swear** that I have caused the deck on of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets; in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2. Sex. The entry in column 2 should be either M (male) or F (female).
Column 3. Married or single. The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).
Column 4. Calling or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass finisher, tool polisher, iron molder, wood tucker, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown, as follows:
1. *Farmer* is one who operates a farm, either for himself or others.
2. *Farm laborer* is one who works on a farm for the owner who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5. Can read and write. Column 5 is subdivided and the entries therein should be either Yes (can read and write), No (can neither read nor write), or Yes (can read but not write).
Column 6. Nationality. Column 6 should be construed to mean "the country of which the alien is a citizen or subject."
Column 7. Race or people. See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Italian, by race might properly come under the heading of United Kingdom, or any other country, entry by nationality. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).
SPANISH-AMERICAN.
"Spanish-American" refers to the people of Central and South America of Spanish descent.
AFRICAN-AMERICAN.
"African-American" refers to the African Negro, whether coming from Cuba or other part of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who constitute the bulk of the Italian population in the United States are the descendants of the immigrants from the North of Italy, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the River Po, the descendants of the immigrants from the South of Italy, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (south)." Most of these people speak a dialect of the Italian language.

Column 8. Last permanent residence. An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intention of remaining at least one year shall be the last permanent residence, regardless of length of actual residence there in. The entries in column 8 should show these countries, and not the last permanent residence. It is important for statistical purposes that steamship companies accurately show a country of last permanent residence independent of country of temporary residence, nationality, or race.
Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States residents of last permanent residence.

Column 9. Name and complete address of nearest relative in United States. The entry in column 9 should give name and address of such relative. If no such relative is known, give name and address of friend.
Column 10. Place of birth. Intend, I suppose, to mean "country of birth." Final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place of birth, and not the country of permanent residence, if within the United States, or the country of permanent residence, if outside the United States.

Column 11. Whether he has ever been in the United States. The entry in column 11 should be either Yes (has been) or No (has not been).
Column 12. Whether he has ever been in the United States. The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13. Whether in possession of \$20 and less than \$100. The entry in column 13 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should be divided among the several members of the family.

Column 14. Whether ever born in the United States, and if so, when and where. Two entries in column 14 should show whether or not a person was born in the United States before and after the year or period of years, and place, as, 1891-97, Philadelphia.

Column 15. Whether he has ever been in the United States. The entry in column 15 should show whether going to join a relative or friend, and if so, what relative or friend, with name and complete address.

Column 16. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, *Dott Vittorio Novazzi*, Surgeon of the *S. S. STAMPALIA*, do solemnly, sincerely, and truly swear that I have had *10* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of *the State of New York*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

S/S STAMPALIA

NAPOLI

I, **MICHELLE MONTA**, of the **S/S STAMPALIA**, from **NAPOLI**, do solemnly, sincerely, and truly **swear** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose; and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex. The entry in column 2 should be either Male or Female.

Column 3. Marital condition. The entry in column 3 should be either Married, Single, Widowed, or Divorced.

Column 4. Calling or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example, Engineer, Stationary engineer, Boatswain, Engineer, Tailor, Carpenter, House painter, etc., and not simply as Engineer, Painter, Miller, Turner, or other indefinite designation.

A distinction should be made between *freight* and *pass* *laborers*, regardless of the amount of money shown, as follows:
Freight laborer.—One who operates a farm, either for himself or others.
Pass laborer.—One who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5. Can read and write. Column 5 is subdivided and the entries therein should be either Yes, Yes can read and write, No, No can neither read nor write, or Yes, No can read but not write.

Column 6. Nationality. Column 6 should be construed to mean the country of which the alien is a citizen or subject.
Column 7. Race or people. See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people as listed in "Race or people" column, but may mean "French" by nationality. An alien who is of French, German, or Italian race might properly come under the heading of French, German, or Italian country by nationality. In this connection, the following distinction is made to be carefully observed:

- CUBAN.**
The term "Cuban" refers to the Cuban people, not Negroes.
- WEST INDIAN.**
"West Indian" refers to the people of the West Indies other than Cuban or Negroes.
- SPANISH AMERICAN.**
"Spanish American" refers to the people of Central and South America of Spanish descent.
- AFRICAN NEGRO.**
"African Negro" refers to the African Negro, whether coming from Cuba or other parts of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN SOURCE.

The people enumerated in the list of the River Po in northern Italy, i.e., from Turin to the Adriatic, including the provinces of Aosta, Piedmont, Liguria, Emilia, Romagna, Marche, Umbria, Tuscany, Lazio, Abruzzo, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classified "Italian" (South).

ITALIAN (South).

The people who are native to that portion of Italy south of the Tiber, i.e., from the Adriatic to the Strait of Messina, including the provinces of Sicily, Calabria, Apulia, Basilicata, Campania, Molise, Abruzzo, Tuscany, Lazio, Umbria, Marche, Romagna, Emilia, Liguria, and Piedmont, and their descendants, should be classified "Italian" (South).

Persons who are permanent residents of the United States and are returning from a visit to Italy should be recorded on manifests as United States citizens of last permanent residence.

Column 8. Country of last permanent residence. The entry in column 8 should be the country of last permanent residence, independent of country of temporary residence, nationality, etc.

Persons who are permanent residents of the United States and are returning from a visit to Italy should be recorded on manifests as United States citizens of last permanent residence.

Column 9. Money. The entry in column 9 should show the exact amount of money shown, in United States dollars and cents, and should be classified as follows:

- Column 10. Money.** The entry in column 10 should show the exact amount of money shown, in United States dollars and cents, and should be classified as follows:
- Column 11. Money.** The entry in column 11 should show the exact amount of money shown, in United States dollars and cents, and should be classified as follows:
- Column 12. Money.** The entry in column 12 should show the exact amount of money shown, in United States dollars and cents, and should be classified as follows:

Affidavit of Surgeon.

Dr. Vittorio Giamberini, Surgeon of the **S/S STAMPA**, do
solemnly, sincerely, and truly *swear* that I have had *years* experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of *the State of Italy*

For example, "I have" (supporting or confirming) a "French" or "German" "branch" by race, or people of "French" or "German" origin, is not necessarily "French" or "German" by nationality. The people who are native to the basin of the River Po in northern Italy . . . come from parts of the present Kingdoms of Austria, Prussia, and the other countries, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian emigrants." Most of these people speak a dialect of the Italian language.

The people who are native to that portion of Italy south of the base, of the River Po are the compartments of Liguria, Ezzany, the Marches, Umbria, Lazio, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as Italian south.

I, **MICHELE MOTTIA**, of the **S/S STAMPALIA**, from **NAPOLI**, do solemnly, sincerely, and truly ~~swear~~ that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that ~~no~~ one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2. Sex. The entry in column 2 should be either M (male) or F (female).
Column 3. Married or single. The entry in column 3 should be either M (married), Wd (widowed), or D (divorced).
Column 4. Calling or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:
Farmer is one who operates a farm, either for himself or others.
Farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5. Able to read and write. Column 5 is subdivided and the entries thereon should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).
Column 6. Nationality. Column 6 should be construed to mean the country of which immigrant is a citizen or subject.
Column 7. Race or people. See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly claim under the heading of United Kingdom or any other country by nationality. In this connection the following instructions should be especially observed:

IRISH.
The term "Colum" refers to the Irish people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).
SPANISH-AMERICAN.
"Spanish-American" refers to the people of Central and South America of Spanish descent.
AFRICAN-AMERICAN.
"African-American" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia and Lina, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina and their descendants, should be classified as "Italian (south)."

Column 10. Intended residence. An intended residence of one year or less constitutes permanent residence. The last country in which alien resided with the intention of making it his long-term home shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11. Name and address of nearest relative. The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12. Place of birth. Intended residence of one year or less shall be the intended destination. An intended residence of one year or more shall constitute permanent residence. The entry in column 12 should show definitely the place of birth, and not the place of intended residence, within the United States, country, or city, in the United States.

Column 13. Health. Health should be indicated by the entry in column 13 should be either Yes, Sick, or No, Sick.

Column 14. Reason for coming to United States. The entry in column 14 should show the reason for coming to United States, by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 15. Whether in possession of \$20 and \$100 bond. The entry in column 15 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16. Whether ever before in the United States, and if so, when and where. The entries in column 16 should show whether or not Yes or No, in the United States before and if so, the year (or period of years) and place (as, 1894-95, Philadelphia).

Column 17. Whether ever before in the United States, and if so, when and where. The entry in column 17 should show whether or not Yes or No, in the United States before and if so, the year (or period of years) and place (as, 1894-95, Philadelphia).

Column 18. Whether ever before in the United States, and if so, when and where. The entry in column 18 should show whether or not Yes or No, in the United States before and if so, the year (or period of years) and place (as, 1894-95, Philadelphia).

Column 19. Whether ever before in the United States, and if so, when and where. The entry in column 19 should show whether or not Yes or No, in the United States before and if so, the year (or period of years) and place (as, 1894-95, Philadelphia).

Affidavit of Surgeon.

I, *Dr. Vittorio Ravano*, Surgeon of the **S/S STAMPALIA**, do solemnly, sincerely, and truly *swear* that I have had *five* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of *the Italian Government*, and that I have made a personal examination of *each* of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Sex. The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex. The entry in column 2 should be either M (male) or F (female).

Column 3. Married or single. The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4. Calling or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, civil engineer, stationery engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply is engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *foreigner* and *free laborer*, regardless of the amount of money shown in column 5.

A person who operates a farm, either for himself or others.

Column 5. Relationship. The entry in column 5 should be either S (single), M (married), or F (female).

Relationships should be indicated on the manifests and corrected, should necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 6. Can read and write. Column 6 is subdivided and the entries therein should be either Yes, Yes, can read and write, No, No, can neither read nor write, or Yes, No, can read but not write.

Column 7. Country of birth. Column 7 should be filled with the country of which the alien is a native-born citizen.

Column 8. Country of origin. (See list of countries back of this manifest. The entry in column 8 should show the country of origin of the alien.)

Special attention should be given to the distinction between race and nationality, and manifests should be correctly filled by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not mean "French" but rather a person of French nationality, and similarly "German" means a person of German nationality. An alien who is from Germany or Hungary by race might properly come in for the headgear of a German or Hungarian, but if he is a citizen of the United States, he should be classified under his nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban and Negroes.

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICAN.

"African American" refers to the African Negro, whether coming from Cuba or other parts of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN.

The people who are native to the basin of the River Po in Northern Italy, and some portions of Piedmont, Lombardy, Venetia, and Liguria, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other land, should be classified as "Italian (northern)." Most of these people speak a dialect of the Italian language.

ITALIAN (southern).

The people who are native to that portion of Italy south of the basin of the River Po, and some portions of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classified as "Italian (southern)." Most of these people speak a dialect of the Italian language.

Column 9. Last place of residence. An alien should be placed in column 9 in the last place of permanent residence. The last country to which an alien has moved with intent to remain longer than one year shall be the last place of residence, regardless of length of a final residence there. The entry in column 9 should be filled with the name of the last place of permanent residence. If the alien is a citizen of the United States, the entry in column 9 should show the country of birth, and the last place of residence should be filled with the name of the last place of residence.

Aliens who are permanent residents of the United States, and are returning from a visit abroad, should be recorded in manifest column 9 as citizens of the country of their permanent residence.

Column 10. Name. The entry in column 10 should be filled with the name of the alien, as it appears on the passport or other document, and should be written in full, including the surname, first name, and middle name, if any.

Column 11. Date of arrival. The entry in column 11 should be filled with the date of arrival of the alien in the United States, as shown on the passport or other document, and should be written in full, including the day, month, and year.

Column 12. Whether the alien is a native-born citizen of the United States. The entry in column 12 should be filled with "Yes" or "No" in the United States, as shown on the passport or other document, and should be written in full, including the day, month, and year.

Column 13. Whether the alien is a native-born citizen of the United States. The entry in column 13 should be filled with "Yes" or "No" in the United States, as shown on the passport or other document, and should be written in full, including the day, month, and year.

Column 14. Whether the alien is a native-born citizen of the United States. The entry in column 14 should be filled with "Yes" or "No" in the United States, as shown on the passport or other document, and should be written in full, including the day, month, and year.

Column 15. Whether the alien is a native-born citizen of the United States. The entry in column 15 should be filled with "Yes" or "No" in the United States, as shown on the passport or other document, and should be written in full, including the day, month, and year.

Column 16. Whether the alien is a native-born citizen of the United States. The entry in column 16 should be filled with "Yes" or "No" in the United States, as shown on the passport or other document, and should be written in full, including the day, month, and year.

Column 17. Whether the alien is a native-born citizen of the United States. The entry in column 17 should be filled with "Yes" or "No" in the United States, as shown on the passport or other document, and should be written in full, including the day, month, and year.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2. The entry in column 2 should be either M (male) or F (female).
Column 3. Married or single. The entry in column 3 should be either M (married) or S (single). Widowed, or D (divorced).
Column 4. Calling or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.
A distinction should be made between *business* and *laborers*, regardless of the amount of money shown in column 5.
A *business* man is one who operates a firm, either for himself or others.
A *laborer* is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5. Able to read and write. Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).
Column 6. Nationality. Column 6 should be entered to mean the country of which the immigrant is a citizen or subject.
Column 7. Race or people. See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Italian by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CHINESE.
The term "Chinese" refers to the Chinese people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies (other than Cuba (not Negroes)).
SPANISH-AMERICAN.
"Spanish-American" refers to the people of Central and South America of Spanish descent.
AFRICAN-AMERICAN.
"African-American" refers to the African Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Calabria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)".

Column 11. Intended permanent residence. An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entry in column 11 should show the country, and also the last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States (for country of last permanent residence).

Column 12. Name and complete address. If in United States, or if in foreign country, the entry in column 12 should give name and address of nearest relative. If no such relative living, give name and address of friend.

Column 13. Intended future permanent residence. State the intended destination. An intended residence of one year shall constitute permanent residence. The entry in column 13 should show definitely the place, city or town, or extended place of permanent residence, if within the United States; country, county, or town, if the United States.

Column 14. By what means he is to be sent, and destination. The entry in column 14 should be either Yes, ticket, or No, no ticket.

Column 15. By whom are passage paid. The entry in column 15 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16. Whether in possession of \$50, and if so, how much. The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17. Whether ever before in the United States, and if so, when and where. The entries in column 17 should show whether or not Yes or No in the United States before, and if so, the year (or period of years) and place, as 1894 or Philadelphia.

Column 18. Company or relative, or friend, and if so, what relative or friend. The entry in column 18 should show whether going to join with a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 to 20. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, *Dr. Vittorio Stampalia*, Surgeon of the *STAMPALIA*, do solemnly, sincerely, and truly *declare* that I have had *years* experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of *the State of New York*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number *one*, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

The present study was designed to test portions of the model proposed by the RCT. To this end, the authors examined the relationship between the use of the American and Mexican Courts of Appeals and the characteristics of the cases and the characteristics of the litigants. The authors hypothesized that the use of the American Court of Appeals would be related to the following factors:

1. The complexity of the case.
2. The importance of the case.
3. The financial resources of the litigants.
4. The legal representation of the litigants.
5. The geographical location of the litigants.
6. The race of the litigants.
7. The gender of the litigants.
8. The age of the litigants.

1. *Origin*—The wool is obtained from the North or South American breeds of the Virginian type, and is a mixture of the wool of the American Kestrel and the American Merino.

The people whose native tongue is Italian are the River Poles in northern Italy. The immigrants of Poland, Lombardy, Veneto and Friuli, and later immigrants from their residing in Italy, *sauzarniad*, Austria-Hungary, and other countries, should be treated as "Italian emigrants." Most of these people perceived and declared the Italian language.

The people who are native to the temperate zone, south of the basin of the River Pechora, are representatives of Finnic, Turanian, and Mongol peoples: the Udmurts, Mari, Chuvash, and Avars. In the mountains of the Ural, the Altai, and the Tianshan, the Mongols and the Yakuts dominate.

international law, concluded that the last permanent residence of a refugee is determined by remaining in a country for a substantial period of time, and not by the length of actual residence in either one. The criterion should be that of the country of last permanent residence, not of actual residence. It is important to stress that the country of last permanent residence is not necessarily the country of last permanent residence of the refugee, but the country of temporary residence, nationality, or origin.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The age should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entries in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or F (divorced).

Column 4 (Occupation or trade).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

If *farmer* is one who operates a farm, either for himself or others.

If *farm laborer* is one who works on a farm for others.

Steamship companies should make this distinction on the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (U. S. and other).—Column 5 is subdivided and the entries therein should be either Yes (Yes can read and write), No (No can neither read nor write), or Yes (Yes can read but not write).

Column 6 (Nationality).—Column 6 should be entered to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—Subject of race or people of this manifest. The entry in column 7 should show the proper people as given in 1, 2, 3, 4.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Irish" appearing on a manifest does not necessarily mean "Irish" by race, people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, by race, but French by nationality, properly comes under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIES

"West Indies" refers to the people of the West Indies other than Cuban (not Negroes).

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN NEGRO

"African Negro" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, Northern South America, Europe, or Africa. An alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN NORTH

The people who are native to the basin of the River Po in northern Italy, the compartments of Piedmont, Lombardy, Veneto, and Friuli, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN SOUTH

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 8 (Last permanent residence).—An alien who has resided in the United States for one year shall not be considered as having a last permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence, regardless of length of actual residence therein. The entry in column 8 should show the country, city, or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence and point of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifest as United States, the country of last permanent residence.

Column 9 (Name and address of relatives).—The entry in column 9 should show the name and address of such relatives. If no such relative living, give name and address of friend.

Column 10 (Intended destination).—Intended destination should be the final destination. An alien who has resided one year shall not be considered as having a last permanent residence. The entry in column 10 should show the place, city, or town of intended future permanent residence, if within the United States; or, if outside the United States.

Column 11 (Whether he has a passport).—The entry in column 11 should be either Yes (Yes has a passport) or No (No has no passport).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female). **Column 3 (Married or single).** The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and if employed as engineer, painter, molder, turner, or other indefinite designations.

A distinction should be made between *capital* and *professional*, regardless of the amount of money shown, as follows:

Capital. One who operates a farm, either for himself or others.

Professional. One who works on a time for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of arrival.

Column 5 (Place of birth and date). Column 5 is subdivided into two entries: (a) Place of birth, and (b) Date of birth. Yes, Yes, can read and write; No, No, can neither read nor write, or Yes, No, can read but not write.

Column 6 (Country of origin). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or color). Specified on back of this form. The entry in column 7 should show the race or color as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks on this regard. For instance, "Irish" appearing on a manifest does not necessarily mean "Irish" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish or French by race might properly come under the heading of United Kingdom or France, or other country by nationality. In the connection, the following distinctions should be carefully observed:

CHINESE.

The term "Chinese" refers to the Chinese people, not Negroes.

WEST INDIAN.

"West Indian" refers to the peoples of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICAN.

"African American" refers to the African Negroes, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, the compartments of Piedmont, Lombardy, Venetia, and Trentino, and their descendants whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, the compartments of Liguria, Toscana, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina, and their descendants should be classed as "Italian (south)".

Column 8 (Intended permanent residence). An intended residence of one year shall constitute permanent residence. The country in which alien resided with the intention of remaining in that country for a long time shall be the last permanent residence, regardless of whether at a final residence thereon. The entries in column 8 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States, and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative living in the United States). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Place of destination). Intended future permanent residence should be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city or town, or other final future permanent residence, if within the United States; country, if outside the United States.

Column 11 (Whether he has a ticket or not for his final destination). The entry in column 11 should be either Yes (ticket) or No (no ticket).

Column 12 (By whom was passage paid). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether in possession of \$20, and if less, how much). The entry in column 13 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States, and if so, when and where). The entries in column 14 should show whether or not Yes or No in the United States before, and if so, the year or period of years, and place, as 1891-92, Philadelphia.

Column 15 (Whether going to join relative or friend, and if so, what relative or friend). The entry in column 15 should show whether going to join another relative or friend, and if so, what relative or friend, with name and complete address.

Column 16 to 18. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, *L. Frank Muter* of the *49* from *Shanghai* do solemnly, sincerely, and truly *swear* that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make *physical* and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *in number*, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Occupation or profession). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wheel turner, etc., and not simply as engineer, polisher, molder, turner, or other unduly designations.

A distinction should be made between *travellers* and *passengers*, regardless of the amount of money shown, as follows:

Traveller. Is one who operates a farm, either for himself or others.

Passenger. Is one who works on a farm for the man who operates it.

Steamship companies should make this distinction in the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Whether he can read and write). Column 5 is subdivided and the entries therein should be either Yes (Yes, can read and write), No (No, can neither read nor write), or Yes (Yes, can read but not write).

Column 6 (Ancestry). Column 6 should be construed to mean the country of which the immigrant is a citizen or subject.

Column 7 (Place of birth). See list on back of this manifest. The entry in column 7 should show the name of people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race of people, and similarly "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Italian by race might properly come under the heading of United Kingdom, or any other country by nationality. In this connection the following distinctions should be respectfully observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICAN.

"African American" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Licia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a dialect distinct from the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Tarentum, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)".

Column 8 (Intended residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entry in column 8 should show the country, and if possible, the last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative or friend in country of last residence). The entry in column 9 should give name and address of such relative. If no such relative living give name and address of friend.

Column 10 (Intended destination). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city or town, or abroad, future permanent residence, if within the United States; country, if outside the United States.

Column 11 (Whether he has been in the United States before). The entry in column 11 should be either Yes (Yes, has been) or No (No, has not been).

Column 12 (By whom was passage paid). The entry in column 12 should show definitely by whom passage was paid as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 13 (Whether he possesses \$20, and if less, how much). The entry in column 13 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether he has been in the United States, and if so, when and where). The entries in column 14 should show whether or not (Yes or No) in the United States before, and if so, the year for period of years, and place as, 1894-95, Philadelphia.

Column 15 (Whether he has been in the United States, and if so, when and where). The entry in column 15 should show whether going to join another relative or friend; and if so, what relative or friend, with name and complete address.

Column 16 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

S. W. Harkle, Surgeon of the *U.S.*, do solemnly, sincerely, and truly swear that I have had *eighteen* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of *the State of New York*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

I, *L. Frank Mates*, of the *1st* from *do*
sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon
employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the
foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own
investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or
a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous
contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or
misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an
anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a
woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that
also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said
aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS:

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien as follows: for example, Civil engineer, state navy engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite descriptions.

A distinction should be made between *marriage* and *year* marriages, regardless of the amount of money shown, as follows:

Marriage. Those who operate a farm, either for himself or others.

Year marriages. Those who work on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Education and race). Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Column 6 (Country of birth). Column 6 should be construed to mean the country of which the immigrant is a citizen or subject.

Column 7 (Race). Subject of race on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" at printing, or a manifest of a Frenchman, "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom, or any other country by nationality. In this connection, the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuban and Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Friuli), and their descendants whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (south)." Most of these people speak a dialect of the Italian language.

Column 8 (Intended residence). An intended residence of one year shall constitute permanent residence. The last country in which he has resided with the intention of making his home shall be the last permanent residence regardless of length of time and residence therein. This entry in column 8 should show the country and not the last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative residing in the United States). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Previous residence). Intended permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city, or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 11 (Whether he has a ticket or not). The entry in column 11 should be either Yes (ticket) or No (no ticket).

Column 12 (By whom passage was paid). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 13 (Whether in possession of money and how much). The entry in column 13 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States; and if so, when and where). The entries in column 14 should show whether or not (Yes or No) in the United States before, and if so, the year or period of years, and place, as, 1894-97, Philadelphia.

Column 15 (Whether he has a relative or friend in the United States). The entry in column 15 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 16 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, **J. Frank Harts**, of the **U.S.S. [illegible]**, do solemnly, sincerely, and truly **swear** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation or profession). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Stamps should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided, and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Column 6 (Country of birth). Column 6 should be construed to mean the country of which the immigrant is a citizen or subject.

Column 7 (List of names on back of this manifest). The entry in column 7 should show the name of the person as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly be under the heading of United Kingdom, or any other country by nationality. In this connection the following distinction should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the peoples of the West Indies other than Cuban (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN-ORIGIN.

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Trentino) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

Column 8 (Intended residence). An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intention of remaining as long as one year shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 8 should show the country, and if a town or town of last permanent residence. It is important for statistical purposes that stamps be accurately shown country of last permanent residence independent of country of temporary residence, not native, or no.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States or country of last permanent residence.

Column 9 (Name and complete address of nearest relative, foreign country, who is alien). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Final destination). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city or town, of intended future permanent residence, if within the United States, or country, if outside the United States.

Column 11 (Whether alien has ticket for final destination). The entry in column 11 should be either Yes (ticket) or No (no ticket).

Column 12 (By whom were passage paid). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 13 (Whether in possession of \$50, and if less, how much). The entry in column 13 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States; and if so, when and where). The entries in column 14 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-97, Philadelphia.

Column 15 (Attempt to join relative or friend; and if so, what relative or friend). The entry in column 15 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 16 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, *L. Frank Mates*, of the *SS. [illegible]*, from *[illegible]*, do solemnly, sincerely, and truly *swear* that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).
Column 3 (Marital or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, machine engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *janitors*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A janitor is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries therein should be either Yes, Yes, can read and write; No, No, can neither read nor write, or Yes, No, can read but not write.

Column 6 (Native born). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Previous address). See list of faces on back of this manifest. The entry in column 7 should show the place or places as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is French by race or French by nationality might properly come under the heading of French kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN NEGRO.

"African (black)" refers to the African Negro whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., the portions of Piedmont, Lombardy, Veneto, and Liguria, and their descendants whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as "Italian (north)". Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., the compartments of Liguria, Toscana, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classified as "Italian (south)".

Column 8 (Intended residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intent to remain as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entry in column 8 should show the country, and if not the last permanent residence, it is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative in country of last permanent residence). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Final destination). Intended future permanent residence should be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city or town, or intended future permanent residence, if within the United States, country, or outside the United States.

Column 11 (Whether alien has ticket to such final destination). The entry in column 11 should be either Yes (checked) or No (unchecked).

Column 12 (Whether passage paid). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether in possession of \$20, and if not, how much). The entry in column 13 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States, and if so, where and when). The entry in column 14 should show whether or not Yes or No in the United States before, and if so, the year, or period of years, and place, as, 1894-97, Philadelphia.

Column 15 (Whether ever before in the United States, and if so, what relative or friend). The entry in column 15 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 16 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

11-1115

Affidavit of Surgeon.

I, *A. Y. Starke*, Surgeon of the *U.S.*, do solemnly, sincerely, and truly swear that I have had *20* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of *the State of New York*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

"Race or people" is to be determined by the stock from which aliens spring and the language they speak. The original stock or blood shall be the basis of the classification independent of language. The mother tongue is to be used only to assist in determining the original stock.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Frank M. Harts of the U.S.S. Albatross from San Francisco, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widow), or D (divorced).

Column 4 (Occupation or profession). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown as follows:

Farmer means who operates a farm, either for himself or others.

Farm laborer means who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Column 6 (Native or foreign). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "English" appearing on a manifest does not necessarily mean "English" by nationality. An alien who is Irish, German, or Hebrew, by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy or to compartments of Piedmont, Lombardy, Veneto, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)".

Column 8 (Intended permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 8 should show the country, and if alien has not last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative or friend who can be reached when alone). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Final destination). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, *J. Frank Master*, of the *SS. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation or profession). The entry in column 4 should describe, as accurately as possible, the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 6 (Nationality). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom, or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN-BLACK.

"African-Black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTHERN).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (northern)". Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTHERN).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (southern)".

Column 8 (Last permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 8 should show the country, and not the name of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative or friend in country whence alien came). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Place of future permanent residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 11 (Whether alien has ticket for such final destination). The entry in column 11 should be either Yes (ticket) or No (no ticket).

Column 12 (By whom was passage paid). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 13 (Whether in possession of \$50, and if less, how much). The entry in column 13 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States, and if so, when, where, and when). The entries in column 14 should show whether or not Yes or No, in the United States before, and if so, the year (or period of years) and place; as, 1891-95, Philadelphia.

Column 15 (Going to work or to business; and if so, what relative or friend). The entry in column 15 should show whether going to join other relative or friend; and if so, what relative or friend, with name and complete address.

Column 16 to 20. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, *J. Frank Master*, of the *SS*, from *Italy*, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

J. Frank Master
Officer.

Sworn to before me this *17* day of *June*, 19*17*

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. (Age.) The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2. (Sex.) The entry in column 2 should be either M (male) or F (female).
Column 3. (Marital status.) The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).
Column 4. (Calling or occupation.) The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass finisher, steel polisher, iron molder, wood turner, etc., and not simply is engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between *former* and *present* occupation, regardless of the amount of money shown, as follows:
1. *Former*—those who operate a mine, either for himself or others.
2. *Present*—those who work for a mine, either for himself or others.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the physical examination of alien arrivals.
Column 5. (Can read and write.) Column 5 is subdivided and the entries therein should be either Yes, Yes—can read and write, No, No—can neither read nor write, or Yes—No—can read but not write.
Column 6. (Native birth.) Column 6 should be either I to mean the country of which the immigrant is a citizen or subject.
Column 7. (Place of birth.) Specimen of place on back of this manifest. The entry in column 7 should show the name of the place of birth, as, for example, Italy.
Special attention should be paid to the distinction between Italy and Sicily, and between Italy and Sardinia, and between Italy and the various islands of the Italian archipelago. For instance, "Italy" and "Sicily" are not synonymous terms. "Italy" is the name of the country, and "Sicily" is the name of the island. Similarly, "France" is the name of the country, and "Paris" is the name of the city. An alien who is born in Italy, but who is now a citizen of the United States, should be classified under the heading of United States citizen, and not Italy. In this case, under the following distinction should be properly observed:
ITALIAN.
The term "Italian" refers to the Italian people, not Negroes.
WEST INDIAN.
"West Indian" refers to the people of the West Indies, other than Cuba and Negroes.
SPANISH-AMERICAN.
"Spanish-American" refers to the people of Central and South America of Spanish descent.
AFRICAN.
"African" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN—SOUTH.
The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia and Friuli, and their descendants, whether residing in Italy, Switzer-land, Austria-Hungary, or any other country, should be classed as "Italian (south)". Most of these people speak a dialect of the Italian language.
ITALIAN—SOUTH.
The people who are native to that portion of Italy south of the River Po, i. e., compartments of Liguria, Embray, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)".
An intended residence of one year shall constitute permanent residence. The first country in which alien resided with the intention of remaining there for one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 7 should show the country, and not the name of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.
Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.
Column 8. (Name and exact address of nearest relative or friend residing in the United States.) The entry in column 8 should give name and address of such relative. If no such relative residing in the United States, then the entry in column 8 should be "No relative in the United States".
Column 9. (Place of residence.) The entry in column 9 should show the place, city or town of intended permanent residence, if within the United States, or country, if outside the United States.
Column 10. (Whether passage paid for by self or by other.) The entry in column 10 should be either Yes or No, or No ticket.
Column 11. (By whom passage paid for.) The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.
Column 12. (If alien in possession of \$50.00 and if less, how much.) The entry in column 12 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 13. (Whether alien landed in the United States, and if so, when and where.) The entry in column 13 should show whether or not (Yes or No) in the United States before, and also the year, month, day, and place, as, 1894-07, Philadelphia.
Column 14. (Whether alien landed in the United States, and if so, when and where.) The entry in column 14 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
Column 15. (Remarks.) The entries in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, J. French Nute, of the SS, from _____, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes (Yes can read and write), No (No can neither read nor write), or Yes (No can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Lincbia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 18 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

11-1115

Affidavit of Surgeon.

I, J. W. Starke, Surgeon of the U.S., do
(State whether Surgeon "acting therein" or "employed by" "under contract" or "in the capacity of")
solemnly, sincerely, and truly swear that I have had eighteen years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of the Government
of the United States, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification independent of language. The mother tongue is to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes, Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entry in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country where alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 13 (Whether foreign ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$20; and if yes, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex). The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single). The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation). The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write). Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality). Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people). See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

HISPANIC-AMERICAN.

"Hispanic-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Liguria, and Emilia) and their descendants, whether residing in Italy or elsewhere, should be classified as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Puglia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (south)."

Column 10 (Intended residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came). The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination). The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid). The entry in column 14 should show definitely by whom passage was paid: self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50; and if less, how much). The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where). The entries in column 17 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend). The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

11-1115

Affidavit of Surgeon.

I, A. H. Clarke, Surgeon of the U.S., do solemnly, sincerely, and truly swear that I have had eighteen years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the laws of the State of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, one in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

ITALIAN (SOUTH).
The people who are native to that portion of Italy south of the basin of the River Po, the compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classified as Italian (South).

Column 10. Intended residence. An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intent not to remain longer as one year shall be the last permanent residence regardless of length of actual residence therein. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, etc.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States born country of last permanent residence.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex). The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single). The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation). The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Can read and write). Column 7 is subdivided, and the entries therein should be either Yes (can read and write), No (can neither read nor write), or Yes (can read but not write).

Column 8 (Nationality). Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people). See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest, does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Italian, by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Calabria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardegnia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country, and its continent, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative, or friend, in country of home alien came). The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination). The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid). The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50 and if yes, how much). The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States, and if so, when and where). The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-95, Philadelphia.

Column 17 (Name of nearest relative or friend, and if so, what relative or friend). The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 20. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

11-1115

Affidavit of Surgeon.

I, H. Y. Sharke, Surgeon of the State, do solemnly, sincerely, and truly swear that I have had eighteen years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the University of Illinois, and that I have made a personal examination of each of the arms named herein, and that the breach, locks, or manifest shots, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either Male or Female.

Column 3 (Marital Status). The entry in column 3 should be either Married, Single, Widowed, or Divorced.

Column 4 (Occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil Engineer, Steamship Engineer, Farm Fire Engineer, Mining Engineer, Brass Finisher, Steel Polisher, Iron Molder, Wood Turner, etc., and not simply as Engineer, Polisher, Molder, Turner, or other indefinite designations.

A distinction should be made between *bona fide* and *passenger*, regardless of the amount of money shown, as follows:

Bona fide—Persons who operate a farm, either for himself or others.

Passenger—Persons who work on a farm for the owner or cooperators.

Steamship companies should make this distinction on the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries therein should be either Yes, Yes, can read and write, No, No, can neither read nor write, or Yes, No, can read but not write.

Column 6 (Country of Birth). Column 6 should be restricted to mean the country of which immigrant is a citizen or subject.

Column 7 (Date of Birth). Split of ages on back of this manifest. The entry in column 7 should show the month or months given in manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks at the receipt. For instance, "Irish" appearing on a manifest does not necessarily mean "Irish" by race, or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Italian by race might properly come under the heading of United Kingdom, or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuban and Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN NEGRO

"African Negro" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. An alien with an admixture of blood of the African Negro should be classified under this heading.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age of a child should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).
Column 4 (Occupation). The entry in column 4 should be as accurate as possible the occupation, trade, or profession of each alien, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, steel polisher, iron molder, wood molder, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between *freeman* and *free laborer*, regardless of the amount of money shown, as follows:
Freeman—One who operates a farm, office, or business for himself or herself.
Free laborer—One who works on a farm for the owner or for hire.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5 (Can read and write). Column 5 is subdivided, and the entries therein should be either Yes (can read and write), No (can neither read nor write), or Yes (can read but not write).
Column 6 (Country of birth). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.
Column 7 (Place of birth or place of birth of mother). The entry in column 7 should show the place or places of birth of the immigrant.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Italian" appearing on manifest may mean "Italian" by race or people, and similarly, "French" appearing on manifest may mean "French" by race or nationality. An alien who is Irish, German, or Italian by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.
The term "Cuban" refers to the Cuban people and Negroes.
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than Cuban and Negroes.
SPANISH-AMERICAN.
"Spanish-American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (WHITE).
The people who are native to that portion of Italy south of the River Po (the compartments of Liguria, Tuscany, Marche, Umbria, Rome, the Venetian and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, Sardinia) and their descendants should be classed as "Italian" people.
ITALIAN (BLACK).
The people who are native to that portion of Italy south of the River Po (the compartments of Liguria, Tuscany, Marche, Umbria, Rome, the Venetian and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, Sardinia) and their descendants should be classed as "Italian" people.
Portuguese. The people who are native to that portion of Portugal south of the River Douro (the compartments of Algarve, Beira, Estremadura, Lisboa, Alentejo, and Trás-os-Montes) and their descendants should be classed as "Portuguese" people.
Spanish. The people who are native to that portion of Spain south of the River Duero (the compartments of Andalusia, Castile, Aragon, Valencia, Catalonia, Balearic Islands, and the Canary Islands) and their descendants should be classed as "Spanish" people.
French. The people who are native to that portion of France south of the River Loire (the compartments of Brittany, Normandy, Picardy, Flanders, Artois, Hainaut, and the Netherlands) and their descendants should be classed as "French" people.
German. The people who are native to that portion of Germany south of the River Main (the compartments of Prussia, Saxony, Bavaria, and the Palatinate) and their descendants should be classed as "German" people.
Austrian. The people who are native to that portion of Austria south of the River Danube (the compartments of Lower Austria, Upper Austria, and the Tyrol) and their descendants should be classed as "Austrian" people.
Swiss. The people who are native to that portion of Switzerland south of the River Rhine (the compartments of the Canton of Zurich, the Canton of Bern, and the Canton of Lucerne) and their descendants should be classed as "Swiss" people.
Belgian. The people who are native to that portion of Belgium south of the River Scheldt (the compartments of the Province of Brabant, the Province of Flanders, and the Province of Luxembourg) and their descendants should be classed as "Belgian" people.
Dutch. The people who are native to that portion of the Netherlands south of the River Rhine (the compartments of the Province of Holland, the Province of Zeeland, and the Province of Utrecht) and their descendants should be classed as "Dutch" people.

$\mathcal{C} = \{c_1, \dots, c_n\} \subseteq \mathcal{A} \times \mathcal{A}$ is a *column set* if c_i is a column of A in the country of which $\text{mat}(c_i)$ is a column of A .

Second, it seems that it should be paid no distinction between race and national origin matters. It will be easier to reveal if types of discrimination are based on race or national origin if there is no distinction between the two. In fact, the Supreme Court has not distinguished between race and national origin in employment law. It should not distinguish between the two in the area of housing law either. Although white flight is common in the United States, it is not a problem unique to the United States. It is a problem that exists in every country. In this connection, the housing distinction, though it sounds good, is not sound.

The people who are native to the east of the River Nile are the Nuer and the Mursi. The latter are found in Ethiopia and in the Sudan. The Nuer are found in the Sudan and in the north of the Congo. The Mursi are found in the north of the Congo. Most of these people are of the same race and speak the same language.

consequence of the fact that $\mathcal{A} \in \mathcal{A}(\mathcal{M})$ is a \mathcal{M} -subalgebra. The converse is also valid, since $\mathcal{A} \in \mathcal{A}(\mathcal{M})$ if and only if \mathcal{A} is a \mathcal{M} -subalgebra. In this way, $\mathcal{A} \in \mathcal{A}(\mathcal{M})$ is equivalent to the following condition:

destination. An individual's own experience of a particular country of residence (1990) may be correlated with a country's population, area, and other characteristics. The correlation between the two variables is 0.83, suggesting that the two variables are related.

where \mathbf{p}_i is the vector of parameters of the i th component, \mathbf{H} is the matrix of the second order partial derivatives of the log-likelihood function with respect to the parameters of the i th component, \mathbf{Y} is the vector of the observed values of the random variable Y , and \mathbf{N} is the vector of the observed frequencies of the values of the random variable Y . The maximum likelihood estimates of the parameters of the i th component are obtained by solving the system of equations

$$\frac{\partial \ln L}{\partial \mathbf{p}_i} = 0, \quad i = 1, 2, \dots, k, \quad (1)$$

where \mathbf{p}_i is the vector of parameters of the i th component, and the matrix of the second order partial derivatives of the log-likelihood function with respect to the parameters of the i th component is obtained by solving the system of equations

$$\frac{\partial^2 \ln L}{\partial \mathbf{p}_i^2} = 0, \quad i = 1, 2, \dots, k. \quad (2)$$

Moreover, the following lemma shows that the \mathcal{N} -restriction of \mathcal{P} to \mathcal{N} should give a continuous \mathcal{N} -restriction of \mathcal{P} to \mathcal{N} . More, however, is needed to show that \mathcal{P} is the head of a family of continuous \mathcal{N} -restrictions of \mathcal{P} to \mathcal{N} .

Let $\mathcal{H} = \{f_1, \dots, f_n\}$. Here, $n = 2^m - 1$, $m \in \mathbb{N}$, $m \geq 1$. Since \mathcal{H} is a linear code, the codewords of \mathcal{H} are $\{0, f_1, \dots, f_n\}$. The following lemma will show why the code \mathcal{H} is not a (n, k) code over the field \mathbb{F}_2 for any k . Let \mathcal{A} be a nonempty subset of \mathcal{H} and put $\mathcal{A} = \{f_1, \dots, f_r\}$. Then

According to the previous theorem, $\mathcal{L}(T) = \mathcal{L}(T_1) \cup \mathcal{L}(T_2) \cup \dots \cup \mathcal{L}(T_n)$. Therefore, to determine the length of the weather forecast, another reliable means, and thus, we relate our work with the actual forecast.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Robert Frank, of the S.S. George Washington, from Rocky Mountain, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime, or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Definition 1.1.1. The term of an annuity should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 10: Sex — The entry in column 1 should be either M (male) or F (female).
Column 11: Marital status — The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Occupational categories. The entry problem would describe a category as possible the occupation of a worker, such as a painter, as for example: Carpenter, stationary engineer, locomotive engineer, mining engineer, bus painter, welder, iron moulder, wood turner, etc., and not supply as engineer, painter, molder, turner, another index designation.

A distinction should be made between f_{max} and f_{min} values, regardless of the amount of moisture shown, as follows:

If $\beta = 0$, we compute the norm, either by hand or using

Stenographers should make the distribution of the reports, and correction should be made, if necessary, by inspectors and registry clerks during the personal examination of stenographers.

Column 1 is subdivided, and the entries therein should be either Yes, Yes, (in read and write), No, No, (can neither read nor write), or Yes, No, (can read but not write).

immigrant is a citizen resident.

where $\mathbf{u} = \mathbf{u}(\mathbf{R}, \mathbf{g})$ is a 2×2 matrix. See list of notations at the end of the text. The entry in column i of \mathbf{u} is a function of \mathbf{p} as given in (1.1).

Special attention should be paid to the distinction between race and nationality, and members should be especially warned by inspectors and referees alike in this regard. For instance, "French" appearing in a name does not necessarily mean that a person is of that race, and similarly, "French" appearing in a name does not necessarily mean "French" by nationality. An alias, who is Irish, German, or Italian by race might possibly come to the home of a United Kingdom or another country by nationality. In this connection the following distinctions should be especially observed:

The term $\frac{1}{2} \epsilon_{ijk} \omega_{ij} \omega_{kl}$ represents the Chern-Simons term for $N=1$ supergravity.

*West Indian 'recreational' properties of the West Indies other than Cuba and St. Vincent.

"Spanish-American" refers to the people of Central and South America of Spanish

[illegible]

"African-bred," refers to the African Negro, whether coming from Cuba or other parts of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro, should be classified under this term.

The peoples of Anatolia, the Caucasus, and the Balkans are the most numerous participants in the early Turkish migration. They are the most numerous in the early residence in Italy. Since the early 1950s, the number of immigrants has increased rapidly, as in other countries. Most of them are young people, and the majority of them are men.

The people who are native to that part of the country are the *Chiriguano* of the River Plate and the *Guaraní* of the Amazon. At the same time, the *Guaraní* of the Amazon and the *Chiriguano* of the River Plate are not the same people.

the \mathcal{H}^1 -norm. For the case of a single well, we have the following theorem. The proof is given in the Appendix. The theorem states that the error in the \mathcal{H}^1 -norm is bounded by the error in the L^2 -norm of the initial data. This is a natural result, since the initial data is the only source of error in the numerical solution. The theorem also states that the error in the L^2 -norm is bounded by the error in the \mathcal{H}^1 -norm of the initial data. This is also a natural result, since the initial data is the only source of error in the numerical solution.

And the β value is the probability that a given node will be selected to be a neighbor of a given node. The β value is calculated as follows:

$$\beta = \frac{1}{n} \sum_{i=1}^n \frac{1}{d_i} \quad (1)$$

where n is the number of nodes in the network and d_i is the degree of node i .

where $\mathcal{Y} = \{Y_1, \dots, Y_n\}$ is the set of observed data, $\mathcal{X} = \{X_1, \dots, X_n\}$ is the set of unobserved data, \mathcal{P} is the set of all possible distributions, and \mathcal{Y}^n is the set of all possible observed data. The set of all possible distributions is defined as $\mathcal{P} = \{P \in \mathcal{P} : P(Y_1, \dots, Y_n) = 1\}$. The set of all possible observed data is defined as $\mathcal{Y}^n = \{Y_1, \dots, Y_n\}$. The set of all possible unobserved data is defined as $\mathcal{X}^n = \{X_1, \dots, X_n\}$. The set of all possible distributions is defined as $\mathcal{P} = \{P \in \mathcal{P} : P(Y_1, \dots, Y_n) = 1\}$. The set of all possible observed data is defined as $\mathcal{Y}^n = \{Y_1, \dots, Y_n\}$. The set of all possible unobserved data is defined as $\mathcal{X}^n = \{X_1, \dots, X_n\}$.

(6) $\frac{1}{\sqrt{\pi}} \int_{-\infty}^{\infty} f(x) e^{-x^2} dx = \lim_{t \rightarrow \infty} \frac{1}{\sqrt{\pi t}} \int_0^t f(x) e^{-x^2/t} dx$. This is useful if f has some asymptotic behavior as $x \rightarrow \infty$.

Moreover, by (4.14) and (4.15) we have $\lim_{t \rightarrow \infty} \|\mathbf{u}_t\|_{L^2(\mathbb{R}^d)} = 0$ and $\lim_{t \rightarrow \infty} \|\mathbf{u}_t\|_{L^2(\mathbb{R}^d)} = 0$. Finally, by (4.16) and (4.17) we have $\lim_{t \rightarrow \infty} \|\mathbf{u}_t\|_{L^2(\mathbb{R}^d)} = 0$ and $\lim_{t \rightarrow \infty} \|\mathbf{u}_t\|_{L^2(\mathbb{R}^d)} = 0$. \square

I, *Master A. French* of the *U.S. George Washington* from *Remon* do solemnly, sincerely, and truly *swear* that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female). *Column 3 (Married).* The entry in column 3 should be either M (married) or U (unmarried). Single, Widowed, or Divorced.

Column 4 (Occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien, such as, for example, Civil Engineer, Stationary Engineer, Book Binder, or Printer, Farmer, Laborer, Blacksmith, Steel Worker, Iron Molder, Wood Turner, etc., and not simply as common, laborer, mechanic, etc., or other indefinite designation.

A distinction should be made between *free* and *non-free*, regardless of the amount of money shown as follows:

Free. One who operates a farm, either for himself or others.

Non-free. One who works on a farm for the man who operates it.

Steamship companies should make the distinction in the manifests and captions should be made, if necessary, by inspectors and district clerks, during the period of examination of alien arrivals.

Column 5 (Can read and write). Column 5 should be checked, and the entries therein should be either Yes, Yes, can read and write; No, No, cannot read nor write; or Yes, No, can read but not write.

Column 6 (Country of birth). Column 6 should be checked to show the country of which the immigrant is a citizen or subject.

Column 7 (Race or people). Column 7 should be checked to show the race or people of the immigrant. The entry in column 7 should be either Yes, Yes, can read and write; No, No, cannot read nor write; or Yes, No, can read but not write.

Special attention should be paid to the distinction between race and nationality, and entries should be made by race, not by nationality. For instance, "Irish" appearing on a manifest does not mean an Irishman, but a person of popular Irish origin. "French" appears to mean a Frenchman, but it means a person of French nationality. An alien who is Irish, German, or Italian by race might possess a passport of the United Kingdom or of another country by nationality. In this connection the following instructions should be especially observed:

Column 8 (Color).

The term "color" refers to the color of the skin of the immigrant.

Column 9 (Place of birth).

"West Indian" refers to the people of the West Indies other than Cuba and Negroes.

Column 10 (Place of birth).

"Spanish American" refers to the people of Central and South America of Spanish descent.

Column 11 (Place of birth).

"Asian" refers to the people of Asia, whether coming from China or other islands of the West Indies, North or South America, Europe, or Africa. Asians, with an admixture of blood of the American race, should be classified as Americans.

Column 12 (Place of birth).

The people who are native to the United States are those born in the United States, including the children of American citizens born abroad, and those born in the United States to foreign parents. The people who are native to the United States are those born in the United States, including the children of American citizens born abroad, and those born in the United States to foreign parents.

Column 13 (Place of birth).

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Walter L. Frank of the U.S. George Washington from Proctor do
solemnly, sincerely, and truly ~~swear~~ that I have caused the surgeon of said vessel sailing therewith, or the surgeon
employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the
foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own
investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or
a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous
contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or
misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an
anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a
woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that
also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said
aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age). The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

*Column 4 (Sex).—*The entry in column 4 should be either M (male) or F (female).

Countries of origin—The entry in column 6 should describe, as accurately as possible the occupation, trade, or profession of each alien arrived, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *proem* and *proem latroes*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for him- or herself.
A *farmlaborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 is subdivided and the entries therein should be either Yes (Yes can read and write), No (No can neither read nor write), or Yes-No (can read but not write).

Column 8: Not named.—Column 8 should be constructed to mean the country of which immigrant is a citizen or subject.

column 9 (Race & people). See list of races on back of this manifest. The entry in column 9 should show the race of people as given in 1st list.

Special attention should be paid to the distinction between race and nationality, and nationals should be carefully reviewed by inspectors and registrars in this regard. For instance, "Franco" appearing on a passport does not necessarily mean "French" by race or people, and similarly, "I French" appearing on a passport does not necessarily mean "Franco" by nationality. An alien who is Irish, German, or Italian by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

• • • • •

The term "Cuban" refers to the Cuban people, not Negroes.

WILKINSON

"West Indian" refers to the people of the West Indies other than Cuban and Negroes.

STRUCTURAL ANALYSIS

"Spanish-American" refers to the people of Central and South America of Spanish descent.

MILITARY OFFICERS

"African black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

MAY 1995

The people who attribute to the basin of the River Po (northern Italy) a common parentage of Piedmont, Lombardy, Venetia and Friuli, and therefore consider, whether residing in Italy, Switzerland, and Austria-Hungary, or in any other country, as could be judged as "Italian (month)." Most of these people speak a Gallic dialect of the Italian language.

KEYWORDS: child abuse; child sexual abuse; child sexual exploitation; child sexual abuse investigation; child sexual abuse assessment

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Southern and Eastern Sardinia) should be classified as "Italians south."

Ownership of the permanent residence. An individual resident of the year shall constitute permanent residence. The actual year in which he is received with the income is not determinative. If no one year shall be the last permanent residence regardless of length of actual residence in form. The country in which he shall show the *last permanent residence* and last permanent residence. It is important for statistical purposes that a ship company, accurately show country of last permanent residence independent of the country of temporary residence, nationality, or other.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States, for country of last permanent residence.

Column 11 (*Sam*) and column 12 (*add*) are used to record name and address of relative. The entry in column 11 should give name and address of each relative. If no such relative living, give name and address of friend.

(C) *Other*. If (1) and (2) are not checked, the intended future permanent residence shall be the final destination. An intended residence other than a permanent residence. The entry in column 13 should show definitely the place, city or town, of intended future permanent residence, if in the United States; country, if outside the United States.

The entry in column 14 should be either "Yes/ticket" or "No/ticket".

by whom postage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Money brought by the bank to a family should not be divided among the several members of the family.

Column 12 (U.S. Births) is the United States birth rate per 1,000 live births. The entries in column 17 should show whether or not "Yes" or "No" in the United States before and also, the year (or period of years) and place (a, 1851-60; B, 1861-70; C, 1871-80; D, 1881-90; E, 1891-1900; F, 1901-10; G, 1911-20; H, 1921-30; I, 1931-40; J, 1941-50; K, 1951-60; L, 1961-70; M, 1971-80; N, 1981-90; O, 1991-2000; P, 2001-10; Q, 2011-20).

Column 18 (other people): *friend* and *relative*. The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Chlorophyll *a* and *b* contents were determined by spectrophotometry. The answers in these columns are subject to revision by any in-spectrophotometer in the experimental data set.

and self-determination should be kept in the distance from race and nationality, and nationalities should be capably revised here and there by the will of the people. The concept of the "right of self-determination" is a very much abused one. It is not a right of nations, and, hence, it is not a right of nations to determine their "nationality" and "nationality." Are there who are truly German or Italian in race might properly demand the hegemony of the Reich or the Empire over all other nationalities? In this connection, I follow the Germans, and I am greatly sorry.

Now let us prove that $Y_{\text{red}} \subset \text{Lie}(N_{\text{red}})$. Let $X \in Y_{\text{red}}$. Then $X \in Y_{\text{red}} \cap Y_{\text{reg}}$. By Lemma 2.1, $X \in Y_{\text{reg}}$ implies that X is a regular element of \mathfrak{g} . Since $X \in Y_{\text{red}}$, we have $X \in \text{Lie}(N_{\text{red}})$. Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Master L. French of the U.S. George Washington Prussian, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 10 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Able to read and write). Column 5 is subdivided and the entries thereon should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 6 (Nationality). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). Specified of race or people in said list. The entry in column 7 should show the race or people of each alien arrival.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Italian by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the peoples of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN-ORIENTAL.

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, the compartments of Piedmont, Lombardy, Venetia, and Trentino, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect distinct from the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (the compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 8 (Last permanent residence in United States). An intended residence of one year shall constitute permanent residence. The last country to which alien reached with the intention of remaining at least one year shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 8 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete name of nearest relative or friend in United States). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Intended future permanent residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show the place, city or town, or street of future permanent residence, if within the United States; country, if outside the United States.

Column 11 (Whether having a ticket or other document). The entry in column 11 should be either Yes (ticket or other document) or No (no ticket).

Column 12 (By whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether a passenger of \$50 and over, as per law). The entry in column 13 should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States; and if so, when and where). The entries in column 14 should show whether or not Yes or No in the United States before; and also, the year or period of years, and place as, 1891-93, Philadelphia.

Column 15 (Whether going to join relative or friend; and if so, name, address, and if so, what relative or friend, with name and complete address). The entry in column 15 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 16 (Remarks). The answers in these columns are subject to revision by any inspection officer in the event of irregularities.

Affidavit of Surgeon.

I, *Dr. Starke*, Surgeon of the *U.S. George Washington sailing therewith*, do solemnly, sincerely, and truly *swear* that I have had *eighteen* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of *minority*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

The city is home to many world-class museums, theaters, and concert halls, and it is also a hub for the fashion and design industries. under the assumption that the β parameters are constant over time. The first two models are estimated using the full sample of data. The third model is estimated using only the data from 1980 to 1990. The fourth model is estimated using only the data from 1991 to 2000. The fifth model is estimated using only the data from 1980 to 1990 and the sixth model is estimated using only the data from 1991 to 2000. The results of the estimation are reported in Table 1. The results show that the β parameters are generally positive and significant, indicating that the variables in the model have a positive effect on the dependent variable. The results also show that the β parameters are generally stable over time, suggesting that the relationships between the variables and the dependent variable are consistent over time.

The media, through its coverage of political events, can influence public opinion and, in turn, the actions of political leaders. Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Master L. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Alien occupation).—This entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steadship companies should make this distinction on the manifest, and corrections should be made, if necessary, by inspectors and registry clerks, during the personal examination of alien arrivals.

Column 7 (Able to read and write). Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality). Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—See list of races on back of this manifest. The entry in column 9 should show the race or peoples given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN-CHIEF.

"African-Chief" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i.e., compartments of Piedmont, Lombardy, Venetia, and Emilia, and those who emigrate whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

Column 10 (Last permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as one year shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steadship companies accurately show country of last permanent residence, and point of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest next of kin, or nearest relative, if none living, give name and address of friend). The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Intended future permanent residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place, city or town, intended future permanent residence, if within the United States, or country, if outside the United States.

Column 13 (Whether alien is a ticket or not). The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom passage was paid). The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steadship company, etc.

Column 15 (Whether in possession of \$20 and \$10, how much). The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States, and if so, when and where). The entries in column 16 should show whether or not (Yes or No) in the United States before, and if so, the year or period of years, and place (e.g., New York, Philadelphia).

Column 17 (Whether going to join a relative or friend). The entry in column 17 should show whether going to join a relative or friend, and if so, what relative or friend, with name and complete address.

Column 18 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

the 1990s, the number of people who have been infected with HIV has increased in the United States. In 1990, there were 10,000 people living with HIV. By 1995, there were 250,000 people living with HIV. In 1998, there were 500,000 people living with HIV. In 2000, there were 700,000 people living with HIV. In 2002, there were 800,000 people living with HIV. In 2004, there were 900,000 people living with HIV. In 2006, there were 1,000,000 people living with HIV. In 2008, there were 1,100,000 people living with HIV. In 2010, there were 1,200,000 people living with HIV. In 2012, there were 1,300,000 people living with HIV. In 2014, there were 1,400,000 people living with HIV. In 2016, there were 1,500,000 people living with HIV. In 2018, there were 1,600,000 people living with HIV. an $M \times M$ matrix $V = (v_{ij})$ follows

$$V = \frac{1}{M} \sum_{i=1}^M \sum_{j=1}^M \text{vec}(x_i x_j^T) \text{vec}(x_i x_j^T)^T$$

where $\text{vec}(\cdot)$ is the vectorization operator, which stacks the columns of a matrix into a single column vector. For example, $\text{vec}(x_i x_j^T)$ is a $M \times 1$ column vector, where x_i and x_j are $M \times 1$ column vectors. The matrix V is symmetric and positive semi-definite. The eigenvalues of V are non-negative and the eigenvectors of V are orthogonal to each other.

Some of the problems that arise in the analysis of the data are discussed, and a number of suggestions are made for the future of the study.

$t = 1, \dots, T$, $V_t = \{V_t^1, \dots, V_t^{|V|}\}$, Column i of V_t holds the entries therein associated to either V_i or \bar{V}_i on read at t -th day, V_i or \bar{V}_i can be either read or not write, or $V_i = \bar{V}_i = 0$ on all $t = 1, \dots, T$ twice.

Common and Joint Interests. A third level of security is that of common and permanent interests. The concept of common and permanent interests is not a new one. Long ago, one shall be almost persuaded that the government of the world was based on it. There are no doubt in the history of the world a number of actual permanent common interests. These are, for example, the interests of the world's poor persons. It is also important for statesmen to appreciate that there are a number of interests which are common to the world's poor persons and to the rich nations. It is not, however, the duty of statesmen to be led by common rationality, or by common interests.

A fourth level of security is that of common and permanent interests.

They are the "Green Peas" because they are the "green" of the industry, the new blood, the fresh ideas, the people who are in line to find partners of their own.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example: Civil engineer, stationer, engineer, locomotive engineer, miner, engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrival.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourist" under head of occupation.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes, Yes can read and write; No, No can neither read nor write; or Yes, No can read but not write.

Column 6 (Nationality).—Column 6 should be construed to mean the country of which the alien is a citizen or subject.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people; similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

EUROPEAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 8 (Last permanent residence).—The entries in column 8 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens whose permanent residence of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Final destination).—The entry in column 10 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 11 (Whether having a ticket to each final destination).—The entry in column 11 should be either Yes (ticket) or No (no ticket).

Column 12 (By whom was passage paid).—The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 13 (Whether in possession of \$20; and if less, how much).—The entry in column 13 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States; and if so, when and where).—The entries in column 14 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 15 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 15 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 16 to 20. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, *Dr. Starke*, Surgeon of the *SS George Washington* sailing therewith, do solemnly, sincerely, and truly ~~swear~~ that I have had *eighteen* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of *Minnesota* and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

The people's narrative to the "anti-imperialist" struggle in the Middle East is one of the efforts of American "imperialism" to "control" the Middle East. Muslims, Christians, Armenians, Kurds, and others "suffer" from the "imperialist" and "colonial" policies of the United States.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column d (Age). The return of age in column d should be expressed in years or months, the latter applying only to those under 1 year of age.

*Column 3 (Sex).—*The entry in column 3 should be either M (male) or F (female).

*Column 4 (Married or single).—*The entry in column 4 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 1. List of occupations. The entry in column 1 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wheelturner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *former* and *form* because, regardless of the amount of money shown, it follows:

A person is one who operates a turn, either for himself or others.
A person-hour is one who works on a turn for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and consular clerks during the personal examination of alien arrivals.

Column 5: (He can read and write) - Column 7 is subdivided and the entries therein should be either 'Yes' (Yes can read and write), 'No' (No can neither read nor write), or 'Yes - No' (can read but not write).

Column 8: Nationality. Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people) — See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and nationalists should be accurately revealed by misdoings and negative deeds in this regard. For instance, "France" appearing on a bank of notes does not necessarily mean "I am" by race or people, and similarly, "I French" appearing on a manifest does not necessarily mean "I am" by nationality. An alien who is Irish, German, or Polish by nationality might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

APPENDIX

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

JANIS A. MILLER, AN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

ALLISON BLACK.

* "African" or "Black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

The people who are native to East portion of Italy south of the line of the River to the compartments of Liguria, Tuscany, the Marches, the Apennine River, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia, should be classed as "Italian" south.

Spain is classified as a "Duties" country. Any transfer residence (one year) all cost free permanent residence. The last country, in which he resides with the infinite not remaining as he as one year shall be the last permanent residence regardless of the length of actual residence there. The criteria is to remain 180 days in the country. The criteria of last permanent residence. Farmers—Those who operate a farm, either for himself or others.

Farm laborers—Those who work on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries thereon should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Column 6 (Country of birth). Column 6 should be restricted to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). Such of race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be carefully observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICAN.

"African-American" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. An alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (South).

The people who immigrate to the United States from the River Plate, including Italy, are partitions of Piedmont, Lombardy, Venetia, and Sicily, and their common name is Italian. Those residing in Italy, Sicily, and Venetia are not to be classified as "Italian (South)". Most of these people speak a dialect distinct from the Italian language.

ITALIAN (North).

The people who are native to that portion of Italy north of the River Po, including the regions of Liguria, Toscana, the Marche, Umbria, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Saragat and other islands, should be classified as "Italian (North)".

Column 8 (Last previous residence). An intended resident of the United States should state permanent residence. The last country in which alien resided immediately preceding the last voyage across a year shall be the last permanent residence unless alien has since then resided in the United States. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States citizens of last permanent residence.

Column 9 (Name and address of relative in United States). If no such relative living, give name and address of nearest friend.

Column 10 (Place of destination). Intended permanent residence shall be the final destination. An intended place of destination on a ship shall not be permanent residence. The entry in column 10 should show the place of destination, or intended place of destination, within the United States; country, or name of the United States.

Column 11 (Whether immigrant is a member of a family). The entry in column 11 should be either Yes (member of family) or No (not member).

Column 12 (Name of family). The entry in column 12 should show definitely by whom passage was paid or will, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Amount of money brought with him or her). The entry in column 13 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether alien is a member of a family). The entry in column 14 should show whether or not (Yes or No) in the United States before, and if so, the year and period of stay and place, as 1897-98, Philadelphia.

Column 15 (Whether alien is a member of a family). The entry in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year and period of stay and place, as 1897-98, Philadelphia.

Column 16 (Whether alien is a member of a family). The entry in column 16 should show whether or not (Yes or No) in the United States before, and if so, the year and period of stay and place, as 1897-98, Philadelphia.

$\alpha = 0.05$. The F -test for the null hypothesis that the true difference in years of schooling is 0 (or any other value) can be calculated as follows:
 $F = \frac{(\text{SSR}_0 - \text{SSR})/1}{\text{SSR}/198}$. The critical value for the $F(1, 198)$ distribution at the 5% level is $F_{0.05} = 1.65$. The critical value for the $F(1, 198)$ distribution at the 1% level is $F_{0.01} = 2.35$. We reject the null hypothesis if $F > 2.35$.

As a consequence, the following theorem holds. *Theorem 1. Let \mathcal{A} be a family of n sets, each of size k , and let \mathcal{B} be a family of m sets, each of size l . Then, if $k + l \leq n$, there exists a subfamily \mathcal{C} of $\mathcal{A} \cup \mathcal{B}$ of size at least $\frac{1}{2}(\frac{1}{k} + \frac{1}{l})$ such that the sets in \mathcal{C} are pairwise disjoint.*

Specifically, the following characteristics of the two new models of stability and continuity are highlighted: (1) the importance of the role of the individual person. For instance, the new approach to stability does not focus on the stability of the environment, but on the "stability" of the person; (2) the importance of the role of the social context. An example is how, for example, the new approach to stability does not focus on the stability of the individual, but on the stability of the individual in the social context. In fact, the new approach to stability does not focus on the stability of the individual, but on the stability of the individual in the social context.

The people who generate the most interest in the study of the past are those who are not content with the past as it is, but who are concerned with the past as it might have been. The American Symbolist, E. V. Another ladder network is also used to transfer a high-frequency signal to the destination. In this case, the ladder network is the high-pass filter. The ladder network is not ideal, so the transfer function is not exactly $1/(1 + \omega^2)$. The ladder network is not ideal, so the transfer function is not exactly $1/(1 + \omega^2)$.

As a result of this analysis, we have shown that the \mathcal{H}_2 norm of the closed-loop system is bounded by the \mathcal{H}_2 norm of the plant and the \mathcal{H}_2 norm of the disturbance. This result is useful for the design of the controller, as it provides a clear indication of the effect of the disturbance on the system performance.

1. The \mathcal{H}_∞ norm of the system \mathcal{G}_γ is bounded by γ , i.e., $\|\mathcal{G}_\gamma\|_\infty \leq \gamma$.
 2. The system \mathcal{G}_γ is internally stable.

Since the α parameter is set at the optimal value, the cost, and contribution of the β parameter is not considered. In this paper, the β parameter is set at the optimal value, and the α parameter is not considered.

Affidavit of the Master or Commanding Officer, or First or Second Officer

I, Master Frank of the S.S. George Washington from Provincetown do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing hither with me, the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the persons named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane, or a feeble-minded person, or a diseased person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a contagious or transmissible contagious disease, or is a person who has been convicted of, or who admits having committed a felony, or other crime or misdemeanor involving moral turpitude, or is a polygamist, or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, or of that race, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning any of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

The first step in the construction of the \mathcal{M} is to choose a set of n points $\{x_1, \dots, x_n\}$ in the domain \mathcal{D} of the function f . The points x_i are chosen such that the matrix M is nonsingular. The matrix M is defined by

$$M_{ij} = \frac{1}{n} \sum_{k=1}^n \frac{f(x_k)}{x_k - x_i} \frac{1}{x_k - x_j} \quad (1)$$

where $f(x_k)$ is the value of the function f at the point x_k . The matrix M is symmetric and positive definite. The matrix M is used to solve the system of linear equations

$$M \mathbf{c} = \mathbf{b} \quad (2)$$

where $\mathbf{c} = [c_1, c_2, \dots, c_n]^T$ is the vector of coefficients of the polynomial $p(x)$ and $\mathbf{b} = [b_1, b_2, \dots, b_n]^T$ is the vector of values of the function f at the points x_i . The system of equations (2) can be solved using the method of least squares. The polynomial $p(x)$ is then used to approximate the function $f(x)$ at the points x_i . The polynomial $p(x)$ is then used to approximate the function $f(x)$ at the points x_i . The polynomial $p(x)$ is then used to approximate the function $f(x)$ at the points x_i .

For the purpose of this note, we have to take into account that the parameter β is not a constant, but a function of the temperature T . The temperature dependence of β is given by the following equation (see, e.g., [10]):

$$\beta = \beta_0 \exp \left(- \frac{U}{RT} \right) \quad (1)$$

where β_0 is a constant, U is the activation energy, R is the gas constant, and T is the absolute temperature.

the \mathcal{H}^1 -norm. The \mathcal{H}^1 -norm is the natural norm for the problem at hand. An important consequence of the \mathcal{H}^1 -norm is that it is a Hilbert norm. This allows us to use the theory of Hilbert spaces, which is a very powerful tool in the analysis of partial differential equations.

We do not know the exact form of the distribution of the M values, but we can assume that it is a mixture of two distributions, one of which is concentrated in the region $M \ll 1$ and the other in the region $M \gg 1$. The first two steps are the most important in the process of developing a model. The first step is to identify the problem to be solved. This involves a clear understanding of the situation and the objectives of the study. The second step is to select the appropriate model. This involves choosing a model that is capable of representing the system being studied. The third step is to collect data. This involves gathering information about the system being studied. The fourth step is to analyze the data. This involves using statistical methods to analyze the data and identify patterns. The fifth step is to validate the model. This involves comparing the model's predictions with actual data to ensure its accuracy. The sixth step is to use the model. This involves using the model to make predictions and inform decision-making.

Moreover, we have $\mathcal{H}^1(\partial\Omega) = \mathcal{H}^1(\partial\Omega_1) + \mathcal{H}^1(\partial\Omega_2) + \mathcal{H}^1(\partial\Omega_3)$ and $\mathcal{H}^1(\partial\Omega) = \mathcal{H}^1(\partial\Omega_1) + \mathcal{H}^1(\partial\Omega_2) + \mathcal{H}^1(\partial\Omega_3)$. Moreover, by the definition of the sets $\Omega_1, \Omega_2, \Omega_3$, we have $\mathcal{H}^1(\partial\Omega_1) = \mathcal{H}^1(\partial\Omega_2) = \mathcal{H}^1(\partial\Omega_3) = \mathcal{H}^1(\partial\Omega)$.

The entry is a fairly straightforward history of the term, its evolution over time, and its current status. The entry is well-written, clear, and concise, and it provides a good overview of the topic. However, it does not provide as much depth or detail as some of the other entries in the book.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Walter L. French, of the S.S. George Washington from Bremer, solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or a demented person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime, or dishonorable conduct, or is a polygamist, or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or to assist in a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

At the same time, the fact that American Negroes, whether coming from Cuba or other sources to America, do not have the American passport, is a disadvantage. Americans who are in the United States, American Negroes, have the American passport.

The principal motivation for the development of the present study was the fact that, in the past, the Pictish and the Gaelic names of the islands of the Outer Hebrides have been recorded in a variety of sources, but no attempt has been made to collate these names and to provide a critical edition of the material. The present study is intended to fill this gap in the literature.

The people who are active in this part of the country are the people of the communities of Iquitos, Tarma, Huancayo, and Mariscal, and the people of the Marañón, Huancabamba, and Mantaro valleys. These people are the people of the Marañón, Huancabamba, and Mantaro valleys. As a consequence, the following theorem holds:

THEOREM 1. *Let \mathcal{A} be a \mathcal{C}^* -algebra and let \mathcal{B} be a \mathcal{C}^* -subalgebra of \mathcal{A} . Then, the following conditions are equivalent:*

- \mathcal{B} is a \mathcal{C}^* -ideal of \mathcal{A} .
- \mathcal{B} is a \mathcal{C}^* -ideal of \mathcal{A} .
- \mathcal{B} is a \mathcal{C}^* -ideal of \mathcal{A} .

1. $\mathcal{C} = \{C_1, \dots, C_n\}$ is a family of n sets, $n \geq 1$, such that $C_i \cap C_j = \emptyset$ for all $i \neq j$.
 2. \mathcal{C} is a σ -algebra, i.e. \mathcal{C} is closed under countable unions and complements.
 3. \mathcal{C} is a π -system, i.e. $C_i \cap C_j \in \mathcal{C}$ for all $C_i, C_j \in \mathcal{C}$.
 4. \mathcal{C} is a λ -system, i.e. \mathcal{C} is closed under countable disjoint unions and contains the empty set.

the family, $\mathcal{F} = \{f_1, \dots, f_n\}$, and $\mathcal{F} \in \mathcal{F}_n$. The sequence of sets

$$C_0 = \{f_1\}, C_1 = \{f_1, f_2\}, \dots, C_{n-1} = \{f_1, f_2, \dots, f_n\} = \mathcal{F}$$

is such that $C_i \in \mathcal{F}_i$ for $i = 0, 1, \dots, n-1$. Since $\mathcal{F} \in \mathcal{F}_n$, $C_{n-1} \in \mathcal{F}_{n-1}$ and $\mathcal{F} \in \mathcal{F}_{n-1}$. It is not difficult to see that $\mathcal{F} \in \mathcal{F}_i$ for $i = 0, 1, \dots, n-1$, which implies that $\mathcal{F} \in \mathcal{F}_i$ for $i = 0, 1, \dots, n$.

and so, the value of p relative to $\frac{1}{2}$ and place $\frac{1}{2}$ in P (i.e., $P = \frac{1}{2}$) is the only value of p that is consistent with the assumption that $\frac{1}{2}$ is the true value of p . The only value that is consistent with the assumption that $\frac{1}{2}$ is the true value of p is $\frac{1}{2}$.

It is important, however, to pay attention to the fact that accurately identifying the country of the person involved is not sufficient for competent resolution of the matter, for example, to ensure that the person is not a member of the family.

As a result, when a permutation is identified, the total number of permutations that can be formed from the available elements should be reduced by one. For example, if the permutation $(1, 2, 3, 4, 5)$ is identified, the number of permutations that can be formed from the elements $\{1, 2, 3, 4, 5\}$ is $4!$ instead of $5!$.

The only difference between the load balancing and the exchange of destinations is that the exchange of destinations is done in a distributed manner. In the first case, the destinations are exchanged between the nodes in order to improve the network performance. In the second case, the destinations are exchanged between the nodes in order to improve the network performance.

I, Master L. Frank of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to the under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), single, Wid (widowed), or Divorced.

Column 4 (Occupation or profession).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farms* and *farms laborers*, regardless of the amount of money shown, as follows:

Farm—Someone who operates a farm, either for him self or others.

Farm laborer—Someone who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries thereon should be either Yes (Yes can read and write), No (No can neither read nor write), or Yes (No can read but not write).

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race, it people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom, or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (Black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. An alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the "North" of Italy, such as the River Po, the compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Aemilia and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classified as "Italian (North)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the portion of Italy south of the River Po, the compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Aemilia and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classified as "Italian (South)." Most of these people speak a dialect of the Italian language.

Column 8 (Intended permanent residence).—An intended residence of one year shall constitute permanent residence. The last country in which an alien resided for the intent not to remain as long as one year shall be the last permanent residence, regardless of length of a trial residence therein. This entry in column 8 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States, and who return from a visit abroad, should be recorded on manifests as United States citizens of last permanent residence.

Column 9 (Name and address of relative).—The entry in column 9 should show the name and address of each relative. If no such relative living, give name and address of nearest relative.

Column 10 (Intended future permanent residence).—Intended future permanent residence will be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 11 (Whether paid for by relative or friend).—The entry in column 11 should be either Yes (paid for by relative or friend) or No (not paid for by relative or friend).

Column 12 (Whether paid for by relative or friend).—The entry in column 12 should show definitely by whom passage was paid, namely, husband, father, brother, or other relative; friend; steamship company, etc.

Column 13 (Whether paid for by relative or friend).—The entry in column 13 should show in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

[illegible][illegible]

The application is similar to the case of the River Plate in northern Italy, in which the majority of the population, including Veneto and Friuli, and their case, date whether from the 19th or 20th century. A few Italian cities, on the other hand, showed the passage of time in the 19th century. Most of these people speak a German dialect that is very different.

There are two different definitions for permanent residence in the legal literature. The first is the one used by the United Nations Migration Commission, the American Anthropological Association, and the American Sociological Association. According to these definitions, permanent residence is defined as follows:

A person is considered to have permanent residence in a country if he or she has been residing in that country for a continuous period of at least one year, and if he or she has no intention of leaving that country for a substantial period of time.¹

There are several problems associated with this definition. First, it is not clear what is meant by "substantial period of time." Second, it is not clear what is meant by "continuous." Third, it is not clear what is meant by "intention of leaving." Fourth, it is not clear what is meant by "residing." Finally, it is not clear what is meant by "country."

Second, the United Nations Migration Commission, the American Anthropological Association, and the American Sociological Association have all used the term "permanent residence" to refer to a person's residence in a country for a substantial period of time. This is not the same as the term "permanent residence" used in the legal literature. The legal literature uses the term "permanent residence" to refer to a person's residence in a country for a substantial period of time, and to a person's residence in a country for a substantial period of time.

A person who is not a resident of the United States, and is originating from a country designated as a restricted or prohibited United States country, shall possess no voting rights.

Moreover, if $\alpha = 0$, then $\alpha_j = 0$ for all j and $\alpha = 0$ is a solution of (1). Let α_j be a column in second part in each case. Individually, it fulfills the exact amount. However, since α_j is a column, it is not added to the total of α and should not be divided among the several members.

and the other, a "strongly" or "weakly" dependent variable. The dependent variable is the one that is being measured or observed, and the independent variable is the one that is being manipulated or controlled. In this case, the dependent variable is the "number of children" and the independent variable is the "number of parents".

There are two main types of dependent variables: "continuous" and "discrete". A continuous variable is one that can take on any value within a range, while a discrete variable is one that can only take on specific, distinct values. In this case, the number of children is a discrete variable, as it can only be a whole number.

There are also two main types of independent variables: "categorical" and "quantitative". A categorical variable is one that has a limited number of possible values, while a quantitative variable is one that can take on any value within a range. In this case, the number of parents is a quantitative variable, as it can be any number.

It is important to note that the relationship between the number of parents and the number of children is not necessarily linear. For example, a family with two parents might have one child, while a family with three parents might have two children. This is why it is important to use statistical methods to analyze the data and determine the exact relationship between the variables.

In conclusion, the number of children is a dependent variable, and the number of parents is an independent variable. The relationship between them is not necessarily linear, and it is important to use statistical methods to analyze the data and determine the exact relationship.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either Male or Female.

Column 3 (Marital or single). The entry in column 3 should be either Married, Single, Widowed, or Divorced.

Column 4 (Occupation or profession). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, steam engine engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *owner* and *farm laborer*, regardless of the amount of money shown, as follows:

Owner. Some one operating a farm, either for himself or others.

Farm laborer. Some one who works on a farm for the man who operates it.

Strenuous pains should be taken to make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries thereon should be either Yes (Yes, can read and write), No (No, can neither read nor write), or Yes (No, can read but not write).

Column 6 (Nationality). Column 6 should be construed to mean the country of which the migrant is a citizen or subject.

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following instructions should be especially observed:

EUROPE.

The term "Celtic" refers to the Celtic people, not Negroes.

WEST INDIES.

"West Indian" refers to the people of the West Indies other than Celtic (not Negroes).

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICAN.

"African American" refers to the African Negro, whether coming from Cuba or other parts of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALY-NORTH.

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as "Italian-north." Most of these people speak the dialect of the Italian language.

ITALY-SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Calabria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Saragines and their descendants should be classified as "Italian-south."

Column 8 (Intended residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence, regardless of length of actual residence thereon. The entry in column 8 should show the country, including a town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest next of kin). The entry in column 9 should give name and address of each relative. If no such relative living, give name and address of friend.

Column 10 (Intended residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city or town, or extended future permanent residence, if within the United States, country, if outside the United States.

Column 11 (Whether furnished with ticket or not). The entry in column 11 should be either Yes (ticket) or No (no ticket).

Column 12 (Whether furnished with ticket or not). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, or steamship company, etc.

Column 13 (Whether furnished with ticket or not). The entry in column 13 should give for each case (whether of a family) the exact amount of money shown. Money brought by the holder of a family should not be divided among the several members of the family.

Column 14 (Whether furnished with ticket or not). The entry in column 14 should show whether or not, Yes or No, in the United States before; and if so, the year or period of years and place, as 1891-95, Philadelphia.

Column 15 (Whether furnished with ticket or not). The entry in column 15 should show whether (or not) in either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 16 (Whether furnished with ticket or not). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, Dr. J. J. [illegible], Surgeon of the CAROLINA, do
solemnly, sincerely, and truly swear that I have had 32 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 20 in number, are, according
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

CARMANIA

I, **MASTER**, of the **CARMANIA**, from **LIVERPOOL**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age.—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex.—The entry in column 2 should be either M (male) or F (female).

Column 3. Marital status.—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4. Occupation.—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel painter, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *travellers* and *foreign laborers*, regardless of the amount of money they are carrying.

Column 5. Name.—The entry in column 5 should be the name of the alien.

Column 6. Name.—The entry in column 6 should be the name of the alien.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7. Place of birth and date of birth.—Column 7 is subdivided, and the entries therein should be either Yes (Yes, can read and write), No (No, can neither read nor write), or Yes (No, can read but not write).

Column 8. Country of birth.—Column 8 should be restricted to mean the country of which the alien is a citizen or subject.

Column 9. Race.—Specify of race on back of this manifest. The entry in column 9 should show the race of people as given in column 1.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew, by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

ITALY

The term "Italian" refers to the Italian people, not Negroes.

WEST INDIES

"West Indian" refers to the people of the West Indies other than Cuban and Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN NEGRO

"African Negro" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, South or North America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

Column 10. Country of birth.—The entry in column 10 should be the country of birth of the alien, as for example, Italy, France, Germany, etc., and not the name of the city or town of birth. The entry in column 10 should be the country of birth of the alien, as for example, Italy, France, Germany, etc., and not the name of the city or town of birth.

The entry in column 11 should be the country of birth of the alien, as for example, Italy, France, Germany, etc., and not the name of the city or town of birth.

[illegible]

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, WILLIAM L. LIVERPOOL of the CARMANIA from LIVERPOOL, do solemnly, sincerely, and truly FEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifests, -- 24 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Endowment = 4%. The return on a 1% coordinate should be expressed in years or months, the latter applying only to those under 1 year of age.

months, but after applying only to those under 1 year of age.

Notes: (1) S = "Flasency" in column 4 should be either M (male) or F (female).

Column 5: Marital Status. The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

single, a wife, a father, or a divorced man. The entry in column 2 should describe as accurately as possible a "occupation, trade, or profession" of each adult on arrival, as for example, "Civil engineer," "Army engineer," "competitive engineer," "mining engineer," "brass polisher," "steel painter," "ice-moulder," "wood turner," etc., and not simply as "engineer," "polisher," "moulder," "turner," etc. In relationship designations,

A connection should be made between *nomen* and *form labels*, regardless of the categorization shown; it follows

For $i = 1$ some who operates a firm, either for himself or others.
For $i = 2$ some one who works on a firm for the man who operates it.

Steamship companies should make this destination on the manifests, and correctors should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Note: Column 7 is subdivided, and the entries therein may be either Yes, Yes - can read and write, No - No - can neither read nor write, or Yes - No - can read but I write.

Yen: No, I can read both, I write:

$$V_{\text{country}} = V_{\text{country}} + \text{country}$$

Columns should be construed to mean the country of which one's native is a citizen or not.

$$V_{\text{country}} = V_{\text{country}} + \text{country}$$

So list of names on back of this manifest. The entry in column 1 should show the native person given in list.

Special attention should be paid to the distinction between race and nationality, and this is well exemplified by inspectors and registry clerks in the *ghetto*.¹ In the case of Armenians appearing on a list of Jewish race-souls, one finds: 1. race and people and nationality; 2. then listing as Jewish, not as Jewish and not as Armenian; 3. nationality. An Ashkenazi is Irish German, or Hebrew by race, might possibly come in the first or second listed kind, or as of other countries by nationality. In this connection the following distinctions should be specially observed:

CHAM.

The term, "Colored" refers to the African people and Negroes.

ANNALS

* "West Indian" refers to the people of the West Indies other than Colored or Negroes.

$$S = \{N_1, N_2, \dots, N_{n-1}, N_n\}.$$

"Spanish-Americans" refers to the people of Central and South America of Spanish descent.

AUGUST 1976

Any one labeled "Negro" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe and Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

The people who are native to the *Castelli del Po* in northern Italy, i.e. compartments of Pavesio, Lombardy, Veneto, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as 'Italian (noble)'. Most of these people speak a Gallic dialect of the Italian language.

L. A. I. I. A. N. 1954. 101. 1.

The people who are native to that portion of Italy south of the basin of the River Po are, principally, of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Saragines, and their descendants, should be classed as "Italian" south."

Country of Last Permanent Residence—An intended residence of one year's duration constitutes permanent residence. The last country in which a person resided with the intention of remaining as long as he or she could be the last permanent residence regardless of length of actual residence there. These criteria in column (c) do not show that *country of birth* or *country of last permanent residence*. It is important for statistical purposes that citizenship comes associated with country of last permanent residence independent of country of temporary residence, rate of mobility, or race.

Notes: (a) who are permanent residents of the United States and are returning from a nonphysical should be recorded on manifests as United States per country of last permanent residence.

relative hyponymy, h_{rel} , and address of friend

relative to the individual's permanent residence shall be the final destination. An intended residence in a country shall constitute permanent residence. The entry must, in fact, should show a clearly identifiable place or places of an intended future permanent residence, in all in the United States country, outside the United States.

14. *What do you think about the United States' country, if outside the United States?*
 () *Yes* () *No* () *Other* () *Don't know* The entry in column 14 should be either Yes, ticket, or No, ticket.

by whom passage was paid, as with husband, father, brother, or other relative, friend, stranger, or deity, etc.

relationships already established. The entry in column 10 should give, in each case, a dividend or family, the exact amount of money shown. Money brought by the bride, a total should not be divided among the several members of the family.

[illegible]

in 1980, they are 1.1, 1.1, 1.1, 0.0, and 1.1, respectively, as in 1979, 1.0, 1.0, 0.0, and 1.0, respectively. The only negative trend is the trend in the ratio of the number of children in the family to the number of children in the household. And if so, what relationship will we find between the two?

relative to the net, without regard to capital gains tax.

Gift tax. If a gift is made, the answers in these questions are subject to revision by any inspection officer in the exercise of his/her duties.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The entry in column 1 should be expressed in years or months, the latter applying only to those under 14 years of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female). **Column 3 (Married or single).** The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, steamship engineer, locomotive engineer, mining engineer, brass polisher, steel roller, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *native* and *foreign birth*, regardless of the alien's nationality, as follows:

Native.—Persons who operate a firm, either for himself or others.

Foreign birth.—Persons who work for a firm for the man who operates it.

Steamship companies should make this distinction for the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Place of birth). Column 5 is subdivided and the entries therein should be either Yes (yes, read and write), No (no, neither read nor write), or Yes (no, neither read nor write).

Column 6 (Country of origin). Columns should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed.

CUBANS.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIANS.

"West Indian" refers to the people of the West Indies other than Cuban and Negro.

SPANISH-AMERICANS.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICANS.

Column 8 (Place of birth). The people who are native to that portion of Italy south of the River Po in northern Italy, the compartments of Ferrara, Treviso, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinaria and their descendants should be classed as "Italian, south." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy north of the River Po, the compartments of Ferrara, Treviso, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinaria and their descendants should be classed as "Italian, north."

Column 9 (Intended residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining, regardless of the length of actual residence, shall be the last permanent residence regardless of length of actual residence. These entries should show the country, and the date of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, etc.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States, or country of last permanent residence.

Column 10 (Name of next of kin). The entry in column 10 should give name and address of next of kin. If no such relative living, give name and address of friend.

Column 11 (Intended future permanent residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turning, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can he read and write). Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Column 6 (Native born). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Previous passport). See list of questions on back of this manifest. The entry in column 7 should show the age of passport given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBANS.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIES.

"West Indian" refers to the people of the West Indies other than Cuban and Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICAN.

"African-American" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN - NORTH.

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia), and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (North)". Most of these people speak a dialect of the Italian language.

ITALIAN - SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (South)".

Column 8 (Last permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 8 should show the *country, city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States-born country of last permanent residence.

Column 9 (Name and surname of nearest relative). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Intended destination). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city or town, of intended future permanent residence, if within the United States; if outside the United States.

Column 11 (Whether coming to United States for good destination). The entry in column 11 should be either Yes (definite) or No (indefinite).

Column 12 (By whom passage was paid). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether passenger or crew). The entry in column 13 should show whether passenger or crew, and if crew, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever in United States before). The entry in column 14 should show whether ever in the United States before, and if so, the year or years, and place, as, 1894, St. Philadelphia.

Column 15 (Whether ever in United States before). The entry in column 15 should show whether ever in the United States before, and if so, what relative or friend, with name and complete address.

Column 16 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, Dr. W. MacKenzie, Surgeon of the CARMANIA SAILING THEREWITH, do solemnly, sincerely, and truly **SWEAR** that I have had 22 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the State of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 76 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, W. W. W. W. W., of the CARMANIA, from LIVERPOOL, do solemnly, sincerely, and truly **WEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets. 30 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age). The return (age) in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

months, the latter applying only to those under 1 year of age.

* *Column 5 (Married or single).* - The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Citation in Calligraphic Impediments. The entry in column 6 should describe, as accurately as possible, the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

4 *farmer* (someone who operates a farm, either for himself or others).

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7, *Can you read and write?* (Column 7 is subdivided and the entries therein should be either Yes-Yes (can read and write), No- No (can neither read nor write), or Yes- No (can read but not write).

immigrant is a citizen or subject.

Special attention should be paid to the distinction between race and nationality. For example, a French Jew would be French by nationality, but Jewish by race. The same would be true of a German Jew. The distinction between race and nationality should be especially revised by inspectors and registry clerk. "French" by race or people, and similarly, "French" appearing on a family file does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

1991

The term "Cuban" refers to the Cuban people (not Negroes).

WILLIAMSON

West Indian refers to the peoples of the West Indies other than Cuban and Negroes.

SCOTT L. MILLER, AN

"Spanish-American," refers to the people of Central and South America of Spanish descent.

VILLASANA, BLANK

"African" "black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

The people who are native to the Isonzo in northern Italy, i. e., some part of the Piedmont of Lombardy, Venetia, and Luchea, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian north." Most of these people speak a Gellie dialect of the Italian language.

INDEX (continued)

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) should be classed as "Indian" (south)."

should be disclosed in column 5 only. An intended residence of one year shall constitute permanent residence. The last country in which a person resided with the intent to remain as long as one year shall be the last permanent residence regardless of length of actual residence there. The cities in column 3 shall show the *country*, and *city or town* of last permanent residence. It is important for statistical purposes that citizenship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or place.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

11. *Family*—Name and complete address of nearest relative in United States (name and address of such relative). If no such relative living, give name and address of friend.

Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 11 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

16. *Travel ticket* (Whether having a ticket for scheduled destination).—The entry in column 1 should be either Yes (ticket) or No (no ticket).

Column 1: By whom was passage paid. The entry in column 1 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column C (Whether in possession of you, and if less, how much).—The entry in column B should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 1. With the exception of the United States; and if so, when and where. The entries in column 17 should show whether or not (Yes or No) in the United States before and also the year (or period of years) and place; as, 1894-97, Philadelphia.

in column 18 should show whether going to join in either a relative or friend; and if so, what relative or friends. — The entry in column 18 should be filled with name and complete address.

Column 10 (c) .—The answers in these columns are subject to revision by any instruction officer in the examination of aliens.

Affidavit of Surgeon.

I, SARINE HERBERTH, Surgeon of the CARMANIA, do solemnly, sincerely, and truly **SWEAR** that I have had 2 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the State of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 22 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

"Race or people" is to be determined by the stock from which aliens spring and the language they speak. The original stock or blood shall be the basis of the classification independent of language. The mother tongue is to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien upon arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Farmer is one who operates a farm, either for himself or others.

Farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries therein should be either Yes (can read and write), No (cannot read nor write), or Yes (can read but not write).

Column 6 (Nationality). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed.

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies, other than Cuban and Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICAN.

"African-American" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Liguria, Lombardy, Veneto, and Trentino) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (NORTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 8 (Intended permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 8 should show the *country*, and *city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative in United States or country of last permanent residence). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Intended future permanent residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 11 (Whether returning to United States or other country). The entry in column 11 should be either Yes (returning to United States) or No (returning to other country).

Column 12 (Whether returning to United States or other country). The entry in column 12 should show definitely, by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether in possession of \$20, and if so, how much). The entry in column 13 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether in possession of \$20, and if so, how much). The entry in column 14 should show whether or not Yes or No in the United States before, and if so, the year, or period of years, and place (as, 1894-95, Philadelphia).

Column 15 (Whether in possession of \$20, and if so, how much). The entry in column 15 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 16 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, MASTER of the CARMANIA from LIVERPOOL, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 19 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING Officer.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The true age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Farmers is one who operates a farm, either for himself or others.

Farm laborers is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries thereon should be either Yes, Yes (can read and write), No (can neither read nor write), or Yes (No can read but not write).

Column 6 (Nationality). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBANS.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIANS.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICANS.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIANS (NATIVE).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (native)." Most of these people speak a Gallic dialect of the Italian language.

ITALIANS (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 8 (Intended residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 8 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens whose permanent residence is in the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative in foreign country where alien was born). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Final destination). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 11 (Whether having a ticket to such final destination). The entry in column 11 should be either Yes (ticket) or No (no ticket).

Column 12 (By whom passage paid). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 13 (Whether in possession of \$200 and if less, how much). The entry in column 13 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States; and if so, when and where). The entries in column 14 should show whether or not (Yes or No) in the United States before; and if so, the year, or period of years, and place, as, 1894-97, Philadelphia.

Column 15 (Whether ever before in the United States; and if so, when and where). The entry in column 15 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 16 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc. and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*; regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN—NORTH.

The people whose native is to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Friaul and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN—SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country where alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 13 (Whether alien has a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50, and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States) and if so, when and where.—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-97, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 18 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, CARMAN, Surgeon of the SAILING THEREWITH. do
solemnly, sincerely, and truly **SWEAR** that I have had 20 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of
and that I have made a personal examination of

to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Sworn to before me this 26 day of OCT 1913

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).
Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc. and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:
A *farmer* is one who operates a farm, either for himself or others.
A *farm laborer* is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).
Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.
Column 7 (Race or people).—See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as "Italian (north)". Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (south)".

Column 10 (Last permanent residence).—An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country and the town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative in United States or other country).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, A. W. MacKenzie, Surgeon of the CANADA, do
solemnly, sincerely, and truly swear that I have had 24 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of
Act and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists, or Manifest Sheets, in number up, according

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (An). The return on g in column 3 should be expressed in years or months, the latter applying only to those under 1 year's age.

Column 5 (*Married or single*).—The entry in column 4 should be either M (married) or S (single).

single, Wd (widowed), or D (divorced).
Column 6: Calligraphy occupation. The entry in column 6 should denote, as accurately as possible, the occupation, trade, or profession of each individual, as for example, Civil engineer, stationary engineer, executive engineer, naming chemist, glass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, black, turner, or other indefinite designations.

A dataset is said to be *flat* between *former* and *form latter*, regardless of the importance of *former*, as follows:

If *self-employed* is one who works on a farm, either for himself or others.

Stowship companies should make the distinction on the manifests, and correction should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrival.

Column 7 is scheduled, and the entries there should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Chien, a (Peking accent).—See list of the names half of this month. The entry in the book is double both the name of people given in English.

The term "Cuban" refers to the Cuban people and Negroes

Wang et al. / *Psychology of Women Quarterly* 26(4) 331-341

• West Indian "loyalty" to the people of the West Indies rather than England (not Negroes)

2015年11月 第11卷第11期

"Spanish-American" refers to the people of Central and South America of Spanish descent.

MILITARY AND NAVAL BOOKS

"African, black," refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified and treated as being,

The people who migrate to the coast of the Black Sea, northern Italy, various parts of Prussia, Transylvania, and other localities, and who are regarded as either residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italians abroad." Most of these people speak a Gallic dialect or the Italian language.

The people who are native to that portion of Italy south of the River Po (i.e., counterparts of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sicily and their descendants) should be classed as "Italo-Romance" (i.e., Romance).

should be considered. If the individual's residence for any year shall consist of (1) t months in A , (2) r months in B , and (3) s months in C , then:

$$t + r + s = 12$$

and the individual is considered to have an intent to remain in permanent residence in:

- (1) A if $t > r$ and $t > s$; or
- (2) B if $r > t$ and $r > s$; or
- (3) C if $s > t$ and $s > r$.

It is important to note that the above formula is based on the number of months in each country. It is not based on the number of days in each country. Thus, if an individual spends 11 months in A and 1 month in B , the individual is considered to have an intent to remain in permanent residence in A . This formula is not intended to be used in cases where the individual spends an equal number of months in each country. In such cases, the individual is considered to have an intent to remain in permanent residence in the country in which he or she actually resides for the longest period of time. Thus, if an individual spends 6 months in A and 6 months in B , the individual is considered to have an intent to remain in permanent residence in A if he or she actually resides in A for a longer period of time than in B . If the individual actually resides in B for a longer period of time than in A , the individual is considered to have an intent to remain in permanent residence in B . If the individual actually resides in A and B for an equal period of time, the individual is considered to have an intent to remain in permanent residence in the country in which he or she actually resides for the longest period of time.

Persons who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

The entry in column 11 should give name and address of son or relative. If no such relative living, give name and address of friend.

U.S. Immigration Service. The entry in column 1 should show definitively whom passage was paid, as self, husband, father, brother, or other relative, steamship company, etc.

Column 16 (Whether in possession of stock, and if so, how much). The entry in column 16 should give, in each case, individual or families, the exact amount of money loaned. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether he has been in the United States; and if so, when and where). The entries in column 17 should show whether or not (Yes or No) in the United States before 1891 (state the year or period of years) and place; as, 1891 '9, Philadelphia.

Column 18. *Travel to a relative or friend, and if so, what date, a regular,--* The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation or trade). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arriving. For example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between *free men* and *free laborers*, regardless of the amount of money shown, as follows:

A *free man* is one who owns a farm, either for himself or others.

A *free laborer* is one who works on a farm for others who own it.

Steamship companies should make this distinction in the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Money paid and unpaid). Column 5 is subdivided and the entries therein should be either Yes (Yes, from read and write), No (No, from read and write), or Yes (No from read but not written).

Column 6 (Nationality). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in the list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom, or any other country by nationality. In this connection the following distinctions should be specially observed:

CHINESE.
The term "Chinese" refers to the Chinese people and Negroes.

WEST INDIES.

"West Indian" refers to the people of the West Indies other than Chinese and Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (black).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, South or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (South).

The people who are native to the basin of the River Po in northern Italy, i.e., the provinces of Piedmont, Lombardy, Veneto, and Liguria, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as Italian (South). Most of these people speak a dialect of the Italian language.

ITALIAN (North).

The people who are native to that portion of Italy south of the River Po (i.e., the provinces of Liguria, Piedmont, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as Italian (North).

Column 8 (Intended permanent residence). An intended permanent residence of one year shall constitute permanent residence. The last country in which he has resided with the intention of remaining a long time, or which he has last permanently resided regardless of length of actual residence therein. The entries in column 8 should show the city or town, or intended future permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nation of birth, etc.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States (or country of last permanent residence).

Column 9 (Name and complete address of nearest relative in country whence immigrant came). The entry in column 9 should give name and address of relative. If no such relative living, give name and address of friend.

Column 10 (Intended destination). If intended permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city or town, or intended future permanent residence, if within the United States; country, if outside the United States.

Column 11 (Whether married). The entry in column 11 should be either Yes (married) or No (single).

Column 12 (By whom passage was paid). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Money paid and unpaid). The entry in column 13 should give in each case individually or family the exact amount of money shown. Money brought by the head of family should not be divided among the several members of the family.

Column 14 (Whether ever in the United States, and if so, when and where). The entry in column 14 should show whether or not Yes or No in the United States before, and if so, the year or period of year (as 1891-92, Philadelphia).

Column 15 (Complete address of nearest relative in country whence immigrant came). The entry in column 15 should show the name and complete address of nearest relative or friend, and if so, what relative or friend, with name and complete address.

Column 16 (Remarks). The entries in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2 (Sex). The entry in column 2 should be "M" (male) and "F" (female).
Column 3 (Married or single). The entry in column 3 should be either "M" (married), "S" (single), "W" (widowed), or "D" (divorced).
Column 4 (Occupation). The entry in column 4 should denote, as accurately as possible, the occupation, trade, or profession of each alien, such as: carpenter, Civil engineer, stationary engineer, locomotive engineer, mining engineer, bricklayer, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, tanner, or other indefinite designations.
A distinction should be made between *permanent* and *temporary* residents, regardless of the amount of money shown as follows:
A *permanent* resident is one who operates a farm, either for himself or others.
If *transient* residents who work on a farm for the owner or operator.
Steamship companies should make this distinction in the manifest and corrections should be made, if necessary, by inspectors and port clerk during the personal examination of alien arrival.
Column 5 (Photo taken, and date). Column 5 is subdivided and the entries therein should be either "Yes" (can read and write), "No" (can neither read nor write), or "Yes" (can read but not write).
Column 6 (Nationality). Column 6 should be inserted to denote the country of which immigrant is a citizen or subject.
Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

For instance, "Caucasian" appearing on manifest does not necessarily mean "English," "Irish," "Scotch," and similarly, "French" appearing on manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or French by race should properly be designated by the language of his country or other country by nationality. In this connection the following distinctions should be especially observed:

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIES

"West Indian" refers to the people of the West Indies, whether Cuban, Negro, or

SPANISH AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

ITALIAN SOUTH

The people who are native to that portion of Italy south of the River Po (i.e., compartments of Liguria, Toscana, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian South."

Column 8 (Country of last permanent residence). An alien who has resided for one year or more in the United States, the last country in which he resided with the intent to remain, should be classed as "Country of last permanent residence." The entry in column 8 should show the name of the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States, if returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative in United States). Name and complete address of nearest relative in United States. If no such relative living in United States, address of nearest friend.

Column 17 (Whether alien in the United States, and, if so, when and where). The entry in column 17 should show whether alien in the United States before, and also, the year and period of entry, and place, as, 1891-92, Philadelphia.

Affidavit of Surgeon.

I, A. M. MacKinnon, Surgeon of the CARMANIA, do

"African-American" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. An alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN.

The people whose native is the basin of the River Po in northern Italy, i.e., compartments of Piedmont, Lombardy, Venetia, and Friuli, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people whose native is that portion of Italy south of the basin of the River Po, i.e., compartments of Liguria, Tuscany, the Abruzzi, Emilia, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Saragines and their descendants should be classed as "Italian (south)".

Column 8 (Intended residence). An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intention of remaining in it for one year shall be the last permanent residence, regardless of length of actual residence there. The entries in column 8 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative in United States). The entry in column 9 should give name and address of nearest relative. If no such relative living, give name and address of friend.

Column 10 (Intended future permanent residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city or town, of intended future permanent residence, if within the United States, or country, if outside the United States.

Column 11 (Whether United States ticket or No ticket). The entry in column 11 should be either "Yes" (ticket) or "No" (no ticket).

Column 12 (By whom passage was paid). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, mother, or other relative, friend, steamship company, etc.

Column 13 (Whether in possession of \$100 and a bona fide contract). The entry in column 13 should give in each case either "Yes" or "No" the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever in the United States, or if not, in what place). The entry in column 14 should show whether or not "Yes" or "No" in the United States before, and if so, the year, or period of years, and place, as 1891-92, Philadelphia.

Column 15 (Whether ever in the United States, or if not, in what place). The entry in column 15 should show whether going to join a relative or friend; and if so, what relative or friend, with name and complete address.

Column 16 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (City). The return of origin should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Marital or Civil Status). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation or Profession). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien, and, as for example, Civil engineer, stationary engineer, locomotive engineer, rubber engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply an engineer, polisher, moulder, turner, or other indefinite designation.

A distinction should be made between *owners* and *farm* *tenants*, regardless of the amount of money shown, as follows:

Owner. Someone who operates a farm, either for himself or others.

Farm laborer. Someone who works on a farm for the owner who operates it.

Steamship companies should make this distinction in the manifests, and corrections should be made, if necessary, by inspectors and registry clerks, during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), N (No), No (can neither read nor write), or Yes, No (can read but not write).

Column 6 (Nationality). Column 6 should be restricted to naming the country of which immigrant is a citizen or subject.

Column 7 (Race or People). List of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Italian by race but is a citizen of the United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

EUROPEAN.

The term "Cuban" refers to the Cuban people, not to negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban and Negro.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy, and from parts of the Piedmont, Lombardy, Venetia, and Liguria, and the following states, whether residing in Italy, Switzerland, Austria-Hungary, or in other countries, should be classed as "Italian (South)." Most of these people speak a dialect of the Italian language.

ITALIAN (NORTH).

The people who are native to that part of Italy south of the basin of the River Po (i.e., compartments of Liguria, Embrya, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Puglia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (North)."

Column 8 (Intended future permanent residence). An intended future permanent residence shall be the last permanent residence of length of actual residence therein. The entry in column 8 should be either "United States," "Italy," "France," "Germany," "Austria," "Switzerland," "Belgium," "Netherlands," "Denmark," "Sweden," "Norway," "Finland," "Poland," "Czechoslovakia," "Yugoslavia," "Serbia," "Croatia," "Slovenia," "Hungary," "Rumania," "Bulgaria," "Greece," "Turkey," "Egypt," "Syria," "Lebanon," "Palestine," "Arabia," "Persia," "Afghanistan," "India," "Ceylon," "Siam," "Burma," "Malaya," "Straits Settlements," "Fiji," "Tonga," "Samoa," "New Zealand," "Australia," "South Africa," "Canada," "United States," or "Other." If the alien is returning to the United States, the entry should be "United States." If the alien is returning to a country other than the United States, the entry should be the name of that country.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name of nearest relative residing in country of origin). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Intended future permanent residence). Intended future permanent residence shall be the final destination. A intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place (city or town) or intended future permanent residence, if within the United States; country, if outside the United States.

Column 11 (By the Bureau of Immigration). The entry in column 11 should be either Yes (checked) or No (unchecked).

Column 15 (By the Bureau of Immigration). The entry in column 15 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age should be expressed in years or months, the latter applying only to children under 14 years of age.
Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), Wd (widowed), or Divorced.
Column 4 (Occupation or profession). The entry in column 4 should describe accurately, as possible, the occupation, trade, or profession of each alien, as for example, chef, engineer, stationery engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.
A distinction should be made between *cream* and *pink* in cases, regardless of the amount of same shown, as follows:
Alcohol. Is one who operates a motor car for himself or others.
Steamship company. Is one who works on a ship for the men who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5 (Place of birth and country). Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No (can neither read nor write), or Yes (No (can read but not write)).
Column 6 (Country of last permanent residence). Column 6 should be construed to mean the country of which the immigrant is a citizen or subject.
Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, as similarly "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Italian by race might possibly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

The term "Cuban" refers to the Cuban people, not Negroes.
"West Indian" refers to the people of the West Indies, other than Cuban and Negroes.
"Spanish-American" refers to the people of Central and South America of Spanish descent.
"African-black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

Column 8 (Name and complete address). The people who are native to the coast of the River Po in northern Italy, i.e., the people of Piedmont, Lombardy, Veneto, and Liguria, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian north." Most of these people speak a Gallic dialect of the Italian language.
The people who are native to that portion of Italy south of the River Po (i.e., the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinay) and their descendants should be classed as "Italian south."
An intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 8 should show the country, and also the length of actual residence in the United States. The entry in column 8 should show the country of last permanent residence. It is important for statistical purposes that steamship companies, agents, and other persons who have permanent residence independent of country of temporary residence, nationality, or race.
Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States by country of last permanent residence.
Column 9 (Name and complete address of relative or friend). If no such relative, friend, or other person is known, the entry in column 9 should be "None."
An intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 9 should show the place, city or town, of intended future permanent residence, within the United States, or country, if outside the United States.
Column 10 (Whether he has ever been in the United States before). The entry in column 10 should be either Yes, ticket, or No, no ticket.
Column 11 (Whether he has ever been in the United States before). The entry in column 11 should show definitely by when passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.
Column 12 (Whether he has ever been in the United States before). The entry in column 12 should show the amount of money, in dollars and cents, that the alien has brought with him, and if the money is in the hands of a third party, the several members of the family.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).
Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, team madden, wood turner, etc., and not simply as engineer, polisher, madden, turner, or other indefinite designations.
Column 5 (Destination). The entry in column 5 should be made between *passenger* and *alien laborer*, regardless of the amount of money shown, as follows:
Passenger. Means one who comes to a port, either for himself or others.
Alien laborer. Means one who works on a farm for the owner or operator.
 Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks, during the physical examination of alien arrivals.
Column 6 (Can read and write). Column 6 is subdivided and the entries therein should be either Yes, Yes can read and write, No, No can neither read nor write, or Yes, No can read but not write.
Column 7 (Country of birth). Column 7 should be construed to mean the country of which immigrant is a citizen or subject.
Column 8 (Race or people). See list of races on back of this manifest. The entry in column 8 should show the race or people as given in said list.
 Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race, but people, and simply "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew, by race might possibly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed.

EUROPE.
 The term "Cuban" refers to the Cuban people, not Negroes.
WEST INDIES.
 "West Indian" refers to the people of the West Indies, other than Cuban and Negroes.
SPANISH AMERICAN.
 "Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN OR NEGRO.
 "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN SOUTH.

The people who are native to the Kingdom of the River Po in northern Italy, i.e., from the provinces of Piedmont, Lombardy, Veneto, and Friuli, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as "Italian (South)." Most of these people speak a dialect of the Italian language.

ITALIAN NORTH.

The people who are native to that portion of Italy south of the River Po, i.e., from the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classified as "Italian (North)." Most of these people speak a dialect of the Italian language.

Column 9 (Intended permanent residence). An intended permanent residence shall be the place to which the alien intends to go, and shall be the place of his intended permanent residence. It is important for steamship companies to accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.
 Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded in manifests as "United States" for country of last permanent residence.

Column 10 (Name of last permanent residence). The entry in column 10 should give name and address of such relative. If no such relative living, give name and address of friend.
Column 11 (Place of birth). Intended permanent residence shall be the next destination. An intended permanent residence one year shall constitute permanent residence. The entry in column 11 should show immediately the place (city or town) of intended permanent residence, if within the United States, country, if outside the United States.

Column 12 (Whether he has ever been in the United States). The entry in column 12 should be either Yes, No, or No, never before.
Column 13 (Whether he has ever been in the United States before). The entry in column 13 should be either Yes, No, or No, never before.

Column 14 (Whether he has ever been in the United States before). The entry in column 14 should be either Yes, No, or No, never before.
Column 15 (Whether he has ever been in the United States before). The entry in column 15 should be either Yes, No, or No, never before.

Column 16 (Whether he has ever been in the United States before). The entry in column 16 should be either Yes, No, or No, never before.
Column 17 (Whether he has ever been in the United States before). The entry in column 17 should be either Yes, No, or No, never before.

Column 18 (Whether he has ever been in the United States before). The entry in column 18 should be either Yes, No, or No, never before.
Column 19 (Whether he has ever been in the United States before). The entry in column 19 should be either Yes, No, or No, never before.

Column 20 (Whether he has ever been in the United States before). The entry in column 20 should be either Yes, No, or No, never before.
Column 21 (Whether he has ever been in the United States before). The entry in column 21 should be either Yes, No, or No, never before.

Column 22 (Whether he has ever been in the United States before). The entry in column 22 should be either Yes, No, or No, never before.
Column 23 (Whether he has ever been in the United States before). The entry in column 23 should be either Yes, No, or No, never before.

Affidavit of Surgeon.

I, G. A. Macdonald, Surgeon of the U.S. Army, do solemnly, sincerely, and truly swear that I have had 10 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the U.S. Army, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

And, similarly, simply by interchanging α and β in (2.10), we obtain the associated matrix $\beta \rightarrow \alpha$:

As a result, the wood panel, at the top, carries a bunch of other things, including the following:

Stem-loop structures should be avoided, since they often contribute to differentially abundant RNAs. In particular, they have been implicated in the regulation of gene expression in *Escherichia coli* (10).

It is not clear whether the χ^2 test should be confined to count the country of which

the \mathcal{H}^1 -norm is $\|f\|_{\mathcal{H}^1} = \sqrt{\int_{\mathbb{R}^d} |\nabla f|^2 dx}$. Since \mathcal{H}^1 is a Hilbert space, we can define the \mathcal{H}^1 -orthogonal projection of f onto \mathcal{H}^1 as $P_{\mathcal{H}^1} f$. The \mathcal{H}^1 -orthogonal projection of f onto \mathcal{H}^1 is denoted by $P_{\mathcal{H}^1} f$. The \mathcal{H}^1 -orthogonal projection of f onto \mathcal{H}^1 is denoted by $P_{\mathcal{H}^1} f$.

Special attention should be paid to the relationship between race and intelligence, and

equally important to the country's political life. In 1990, the country's chambers of commerce and industry, the main associations of employers and workers, and the main trade unions, the employers' and workers' associations, and the country's main political parties, the National Front, the National People's Party, and the National Labour Party, all signed a declaration of national unity. At the same time, the Government of Albania has been vigorously combating the head-on of United Kingdom, as well as other countries by nationality. In this connection, the Government should be especially concerned.

Let $\mathbf{a} = (a_1, \dots, a_n)$ be the n entries in which the i th column of \mathbf{G} is equal to \mathbf{a} for $i = 1, \dots, n$. Let $\mathbf{a}^* = (a_1^*, \dots, a_n^*)$ be the n th power of \mathbf{a} (entrywise) regardless of length of actual \mathbf{a} , i.e., $a_i^* = a_i^n$. The entries in column \mathbf{a}^* will show the n th power of each entry in \mathbf{a} .

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation). The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

• *Farmer* is one who operates a farm, either for himself or others

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write). Column 7 is subdivided and the entries therein should be either Yes (Yes (can read and write)), No (No (can neither read nor write)), or Yes - No (can read but not write).

Column 8: Natality). Column 8 should be construed to mean the country of which

Column 9 (*Race or people*). See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CURRY

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

1041145X 18017116

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10: Last permanent residence. An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intention of remaining as long as one year shall be the last permanent residence, regardless of length of actual residence there in. The entries in column 10 should show the *country, and city or town of last permanent residence*. It is important for statistical purposes that citizenship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Albans who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country of birth alien came) — The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 11 (Final destination).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

(column 14) *Whether leaving ticket to such final destination*. The entry in column 14 should be either Yes (ticket) or No (no ticket).

(Column 4: *By whom was passage paid?*). The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much). The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 12 (Whether ever before in the United States; and if so, when and where). The entries in column 17 should show whether or not (Yes or No) in the United States before and if so, the year (or period of years) and place, as, 1894-95, Philadelphia

Column 18 (Going to join relative or friend; and if so, what relative or friend). The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 to 29. —The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, James H. [Signature], of the CARMANIA, from Italy, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age). The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 3 (Sex). The entry in column 3 should be either M (male) or F (female).
Column 4 (Married or single). The entry in column 4 should be either M (married), S (single), Wd (widowed), or D (divorced).
Column 5 (Occupation or profession). The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel washer, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, etc., or other indefinite designations.
A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 6 (Can read and write). Column 7 is subdivided and the entries therein should be either Yes, Yes (can read and write), No—No (can neither read nor write), or Yes, No (can read but not write).
Column 8 (Nationality). Column 8 should be construed to mean the country of which the immigrant is a citizen or subject.
Column 9 (Race or people). See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, but may mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading "United Kingdom, or any other country by nationality." In this connection the following distinctions should be specially observed:

ITALIAN (NORTH).
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Trieste) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.
ITALIAN (SOUTH).
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
Column 10 (Intended permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.
Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States citizens of last permanent residence.
Column 11 (Name and complete address of nearest relative or friend in country, hence alien came). The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.
Column 12 (Final destination). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.
Column 13 (Whether having a ticket to such final destination). The entry in column 13 should be either Yes (ticket) or No (no ticket).
Column 14 (By whom was passage paid). The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.
Column 15 (Whether in possession of \$50; and if less, how much). The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 16 (Whether ever before in the United States; and if so, when and where). The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-97, Philadelphia.
Column 17 (Going to join relative or friend; and if so, what relative or friend). The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
Column 18 to 20. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Two major dialect groups are recognised: the *Pavari* from northern Italy, and the *comparative* or *Paravani* from central and southern Italy, which are recognised when the residents of Italy, Spain and Austria-Hungary are taken into account (see table 1). These dialects are also known as *Paravani* because the people speak a dialect of the *Paravani* language.

I, John J. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

*Column 6 (Calling or occupation).—*The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

1. *Facienda* is one who operates a farm, either for himself or others.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

(Column 7: A11) to read and write. (Column 7 is subdivided and the entries therein should be either Yes (can read and write), No (No (can neither read nor write), or Yes (No (can read but not write).

(Column 8: *Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*). See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people (and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality). An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

J. S. CHAN,

7 The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

^b "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH),

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as *Italian* (southern).

Column 10—Last permanent residence. An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

I, _____ of the _____ from **LIVERPOOL**, do solemnly, sincerely, and truly _____ that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, _____ in number, and that from the report of said surgeon, and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or a sane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a crime or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1.—The return of age in years should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2.—The entry in column 2 should be either M (male) or F (female).

Column 3. (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4. (Occupation).—The entry in column 4 should be as accurate as possible, showing occupation, trade, or profession, such as, for example, Clerk, engineer, stationary engineer, locomotive engineer, car engineer, bar, painter, steel worker, iron moulder, wood turner, tinsmith, carpenter, upholsterer, miller, farmer, or other indefinite descriptions.

A distinction should be made between *owner* and *proprietor*, regardless of the amount of money shown, as follows:

Owner.—One who owns property, either for himself or others.

Proprietor.—One who works on a farm, in the neighborhood, etc.

Relationships should be made the subject of the manifest, and connections should be made, if necessary, by inspectors and registers, during the personal examination of the manifest.

Column 5. (Place of birth).—Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes (No can read but not write).

Column 6. (Nationality).—Column 6 should be construed to mean the country of which the alien is a citizen or subject.

Column 7. (Date of arrival).—Should be filled on back of this manifest. The entry in column 7 should show the date of arrival in the United States.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registers in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not mean "French" by nationality. An alien who is Irish, German, or Italian, by race, might properly come under the heading of United Kingdom, or under their country by nationality. In this connection the following distinctions should be specially observed:

Column 8. (Country of birth).—The term "Irish" refers to the United Kingdom, not to Ireland.

Column 9. (Country of birth).—The term "Irish" refers to the United Kingdom, not to Ireland.

Column 10. (Country of birth).—The term "Irish" refers to the United Kingdom, not to Ireland.

As a result, it should be possible to identify and to trace the causal relationships, at least in principle, which could be given priority by a political or legal philosopher, though, of course, this does not preclude questioning the causal order of the events, as is the case with the physical and biological sciences. The kind of approach to law and politics that is based on rationality is an action which is the opposite of lawlessness or anarchy, but it is not the same as the kind of limited knowledge on law and society by rationality. In the latter case, the knowledge of law should be specifically derived.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (15). The return age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Sex—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single). The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Engineer, Shipyard occupation. The entry in redrafts should describe, as much as possible, the occupation, trade, or profession of each man arriving, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel painter, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other inadequate designations.

A distinction should be made between *time* and *time-labour*, regardless of the amount of money given in return.

1. *Age* = group who opened a store, color for 1, or 10 or others.

It is a *very* simple and effective way of getting the most out of the man who operates it.

Steamship companies should make time a fraction on the manifests and corrections should be made, it means say, by inspectors and registry clerks during the personal examination of alien arrivals.

should be either Yes (Yes, can read and write), No (No, cannot read nor write), or Yes (No, can read but not write).

Editorial Note.—Editorial S. should be corrected to mean the country of which immigrant is a citizen or subject.

Chlorophyll and *Rhodospirillum rubrum*. Several of them on back of this manifest. The entry in volume 1 should show the face of people given in and 1.

Special attention also should be paid to the distinction between race and nationality, and names should be uniformly spelled by inspectors and entry clerks in this respect. For instance, "Franco" appears on one round sticker to have merely meant "French" by French people, and similarly, "Lithuan" appearing on a round sticker may signify "an Lithuan" by nationality. An alien who is Irish, German, or Italian in one might possibly come under the heading of United Kingdom, or any other country by nationality. In this connection, the following distinctions should be especially observed:

44 JAN.

The term "Cuban" refers to the Cuban people, not "Negroes".

$$G_1 \times \cdots \times G_n = (N_1, \dots, N_n) \times N_{n+1}.$$

"West Indian" refers to the people of the West Indies other than Cuba and Negroes.

— 100 —

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AUTHOR INDEX

"African blood" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

JOURNAL OF DOCUMENTATION

The people, who are native to the basin of the River Po in northern Italy, i.e. the participants of Piedmont, Lombardy, Veneto, and Friuli, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian" (northern). Most of these people speak a Gallic dialect of the Italian language.

ITALIAN 1997-1998

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendant settlements are called "Italian south."

[illegible]

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Example 11: Name and complete address of nearest relative or friend in country of origin. The entry in column 14 should give name and address of nearest relative. If no such relative, friend or nearest friend, name and address of friend.

Attachment C (P) (Indefinite term).—Intended future permanent residence shall be the intended destination. An intended residence of one year shall constitute permanent residence. The entry in column 13 should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

1. *Country of origin*, if within the United States; country, if outside the United States; and *Country of destination*, if within the United States; country, if outside the United States.

by whom passage was paid, as self, husband, father, brother, or other relative, friend, or other person, community, etc.

Column 10 (Who else possesses or controls the business). The entry in column 10 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 1: Whether or not in the United States, at what age, when and where. The entries in column 1 should show whether or not (Yes or No) in the United States before and after the year, sex, method of entry, and place (as 1891-92, Philadelphia).

Example 18: *Go meet people who are good, and if so, what do they say; friends.* - The entry in column IS should show whether going to join either a relative or friend; and if so, whether relative or friend, with name and number to address.

Colours (etc.)—The answers in these columns are subject to revision by any inspection officer in the examination of idents.

Affidavit of Surgeon.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Table 2 (cont.) The return to age in column 2 should be expressed in years or months; the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 4 should be either M (male) or F (female).

as possible the occupation, trade, or profession of each person listed, as for example, Civil engineer, stationary engineer, locomotive engineer, mine engineer, brick piling, steel piling, iron molder, wood turner, etc., and not simply as engineer, politician, molder, turner, or other indefinite descriptions.

A distinction should be made between *mean* and *form* (Lyon '83) regarding the speed of these changes as follows:

fortune, some who perished a hero, either for himself or others.

Straniship and passport officials make the distinction on the documents, and correction should be made, if necessary, by inspectors and registry clerks during the personal examination or upon arrival.

Column 8: *Ab. to read and enter*. Column 7 is subdivided and the entries there should be either Yes, Yes (can read and write), N = No (can neither read nor write), or Yes - No (can read but not write).

Column 8: Availability. Column 8 should be restricted to mean the equity of which immediate is a citizen or subject.

Volume 1 (King or people) - scroll list of names on back of this book. The only volume I should have the record appears recently and it

Special attention should be paid to the distinction between race and nationality, as meanings should be carefully reviewed by inspectors and registry clerk in this regard.¹ For instance, "France" appearing on a passport does not necessarily mean that the holder is a French person, and similarly, "Ireland" appearing on a card does not necessarily mean that the holder is by nationality. An alien who is Irish, German, or Hebrew is not necessarily considered the holder of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

617 ANN.

The term "Cuban" refers to the Cuban people and Negroes.

WILSON, INGLIS

"West Indian" refers to the people of the West Indies, that is, Caribbean Negroes.

S. ANIL K. AMBOLD AN

"Hispanic American" refers to the people of Central and South America of Spanish descent.

VIETNAM - 1984

the term "African," "black," refers to the African Negro, whether coming from Cuba or other islands of the West Indies, Northern South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

1151-1154 1994

That people who are native to the town of Udine, River Po, in northern Italy, are not a part of Piedmont, Lombardy, Venetia, and Etruria, and then also asked whether their residence in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as Italian. Among these people, there is a rather distinct dialect of the Italian language.

[UNCLASSIFIED]

The people who are native to that portion of Italy south of the basin of the River Po are the inhabitants of Liguria, Toscana, the Marches, Umbria, Romagna, the Veneto and Mantua, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and the islands, and the whole of the island of Sicily.

should be classed as "permanent" and "non-permanent" residence. An individual becomes a non-permanent resident upon first arrival in the country, and is classed as a permanent resident if he or she has been in the country for a continuous period of 180 days. The last country in which the alien was present for a continuous period of 180 days prior to arrival in the United States is designated as the alien's last permanent residence. The expression "country of last permanent residence" is used in the text to refer to the country of birth of an alien who is a naturalized citizen, and to the country of last permanent residence of an alien who is not a naturalized citizen. It is important for statistical purposes that status and country of last permanent residence be independent of country of temporary residence, nationality, or race.

Persons who are permanent residents of the United States and are returning from a year abroad should be recorded on marriage as United States nationality of last permanent residence.

The entry in column 11 should give name and address of such relative. If no such relative, the name and address of friend.

Article 1 (Place of residence).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 13 should show if this is the place (city or town) of intended future permanent residence, if outside the United States; if not, the city, if outside the United States.

• *et des* 11. Whether born, and to what final destination). The entry in column 1 should be either Yes (ticket) or No (no ticket).

by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 11. If the person at sea and at home are both dead. The entry in column 11 should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 1, 4. Whether a house in the United States, and if so, when and where. The entries in column 1 should show whether or not Yes or No in the United States before the year of the census (marked at years) and place, as, 1894, Philadelphia.

in column 18 should I show whether going to join either a relative or friend; and if so, with name and complete address.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Occupation).—The entry in column 4 should be made as accurately as possible the occupation, trade, or profession of each alien arrived, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, house painter, steel painter, iron molder, wood turner, etc., and not simply workman, painter, molder, turner, or other indefinite designations.

A distinction should be made between *owner* and *proprietor*, regardless of the amount of money shown, as follows:

A proprietor is one who operates a business, either for himself or others.

A proprietor is one who works on a farm for the owner who operates it.

Steamship companies should make this distinction on the manifest, and correct one should be made, if necessary, by inspectors and registry clerks during the post-examination of alien arrivals.

Column 5 (All to read and write).—Column 5 is subdivided and the entries therein should be either Yes (Yes, can read and write), No (No, can neither read nor write), or Yes, No (can read but not write).

Column 6 (Anatomical).—Column 6 should be restricted to men the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Italian by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CHINESE.
The term "Chinese" refers to the Chinese people, not Negroes.

WEST INDIAN.
"West Indian" refers to the people of the West Indies other than Chinese and Negroes.

SPANISH-AMERICAN.
"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the south of the River Po in northern Italy, come from the provinces of Lombardy, Venetia, and Liguria, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be listed as "Italian (south)." Most of these people speak the Italian language.

ITALIAN (NORTH).

The people who are native to that portion of Italy south of the River Po, the provinces of Liguria, Toscana, the Marche, Umbria, Lazio, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be listed as "Italian (north)." An Italian who has been one year in the United States shall constitute permanent residence. The first country in which an alien resided with the intention of remaining a full year shall be the country of permanent residence, regardless of length of actual residence therein. The entries in column 7 should show the country of permanent residence. It is important for statistical purposes that steamship companies accurately show country of permanent residence independent of country of temporary residence, nationality, etc.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifest as United States citizens and country of last permanent residence.

Column 8 (Name and complete address of nearest relative in United States).—The entry in column 8 should give name and address of such relative. If no such relative living in United States, then address of nearest friend.

Column 9 (Whether in possession of money).—But full future permanent residence shall be the final destination. An alien who has been one year in the United States shall constitute permanent residence. The entry in column 9 should show definitely the place (city and state) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 10 (Whether in possession of money).—The entry in column 10 should be either Yes (Yes, has money) or No (No, has no money).

Column 11 (Whether in possession of money).—The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 12 (Whether in possession of money).—The entry in column 12 should give in each case, individual or family, the exact amount of money, if any, money brought by the individual or family, should not be given as "the several members of the family."

Column 13 (Whether ever before in the United States).—The entry in column 13 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-97, Philadelphia.

Column 14 (Whether in possession of money).—The entry in column 14 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 15 (Whether in possession of money).—The answers in these columns are subject to revision by any inspection officer in the examination of manifests.

A distinction should be made between *former* and *present* residences, regardless of the amount of money shown in column 6.

A *former* residence is one who works as a laborer for the man who operates it.

Steamship companies should make this distinction on the manifests, and correction should be made, if necessary, by inspection and registry clerks during the personal examination of alien arrivals.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, James L. Carr, Master, of the U. S. S. Albatross, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, and in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Occupation or profession). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession at which the alien arrived, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel peddler, iron molder, wood turner, etc., and not simply as engineer, peddler, molder, turner, or other indefinite designations.

A distinction should be made between *freemen* and *servants*, regardless of the amount of money shown, as follows:

Freemen—one who operates a firm, either for himself or others.

Servants—one who works on a farm for the man who operates it.

Steamship companies should make this distinction in the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Can read and write). Column 5 is subdivided and the entries therein should be either Yes (can read and write), No (can neither read nor write), or Yes (No can read but not write).

Column 6 (Nationality). Column 6 should be restricted to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race, people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Italian, by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

EUROPE.

The term "Celtic" refers to the Celtic people of Great Britain.

AFRICAN.

"West Indian" refers to the people of the West Indies with a few Cuban and Negro.

EUROPEAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN.

"African" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Trentino) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Toscana, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining longer as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country and date of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as having (1) United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative in United States). The entry in column 11 should give name and address of nearest relative. If no such relative living, give nearest address of friend.

Column 12 (Planned future residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 13 should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether he came by ticket or not). The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom passage was paid). The entry in column 15 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of funds, and if so, how much). The entry in column 16 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether in United States, and if so, when and where). The entry in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year or years (period of years) and place, as, 1894-97, Philadelphia.

Column 18 (Whether he has relatives, friends, and if so, what relationship). The entry in column 18 should show whether going to join either a relative or friend; and if so, what relationship, friend, with name and complete address.

Column 19 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

11-402

Affidavit of Surgeon.

I, A. W. MacKenzie, Surgeon of the U. S. A., do
solemnly, sincerely, and truly swear that I have had 22 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of
State of N. Y., and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 2 in number, are, according
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be "M" (male) or "F" (female).

Column 3 (Married or single). The entry in column 3 should be either "M" (married), "S" (single), "W" (widow), or "D" (divorced).

Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, millwright, engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the owner who operates it.

Steamship companies should make this distinction on the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Add. to read and write). Column 5 is subdivided and the entries thereon should be either "Yes," "Yes (can read and write)," "No," "No (can neither read nor write)," or "Yes. No (can read but not write)."

Column 6 (Nationality). Column 6 should be construed to mean the country of which the immigrant is a citizen or subject.

Column 7 (Race or people). Such of race on back of this manifest. The entry in column 7 should show the race or people given in the manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Italian, by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

IRISH.

The term "Celtic" refers to the Celtic people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Veneto and Trentino) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Toscana, the Marches, Calabria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardegnia) and their descendants should be classed as "Italian (south)."

Column 8 (Int. permanent residence). An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 8 should show the country, and the date of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Name and complete address of nearest relative residing abroad). The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Int. future permanent residence). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city, or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 11 (Whether has ever been in the United States). The entry in column 11 should be either "Yes" (checked) or "No" (no check).

Column 12 (By whom was passage paid). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether in possession of \$20 and if so, how much). The entry in column 13 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever born in the United States and if so, when and where). The entries in column 14 should show whether or not (Yes or No) in the United States before; and if so, the year (month and day) and place; as, 1891, 25, Philadelphia.

Column 15 (Going to join relative or friend and if so, what relative or friend). The entry in column 15 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 16 to 18. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, A. M. MacKenzie, Surgeon of the CA, do solemnly, sincerely, and truly swear that I have had 2 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the State of California, and that I have made a personal examination of each of the persons named herein, and that the foregoing List or Manifest shows 24 in number, and according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

[illegible]

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, of the from do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist, or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under the year of age.
Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), Wd (widow), or D (divorced).
Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between *former* and *present* occupations, regardless of the amount of money shown, as follows:
A *former* is one who operates a firm, either for himself or others.
A *present* is one who works for a firm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5 (He can read and write). Column 5 is subdivided and the entries thereon should be either Yes (Yes can read and write), No (No can neither read nor write), or Yes (No can read but not write).
Column 6 (Nationality). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.
Column 7 (Race or people). Specialist of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Irish" appearing on a manifest does not necessarily mean "Irish" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien whose Irish, German, or Hebrew names might properly come under the headings of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

THE TERM "CUBAN" REFERS TO THE CUBAN PEOPLE (NOT NEGROES).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than Cuban (not Negroes).
SPANISH-AMERICAN.
"Spanish-American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALYAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Lina) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALYAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants, should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 8 (Intended residence). An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intention of remaining at least one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 8 should show this *intended residence* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States citizens of last permanent residence.

Column 9 (Name and complete address of nearest relative living in United States or other country). The entry in column 9 should give name and address of nearest relative living in United States or other country.

Column 10 (Place of intended residence). Intended residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place (city or town) of intended future permanent residence within the United States or country, if outside the United States.

Column 11 (Whether he has a ticket or not). The entry in column 11 should be either Yes (ticket) or No (no ticket).

Column 12 (By whom passage paid). The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether in possession of \$20, and if so, how much). The entry in column 13 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever in the United States, and if so, when and where). The entries in column 14 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place; as, 1894-95, Philadelphia.

Column 15 (Is any bona fide relative present? and if so, what relative or friends). The entry in column 15 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 16 (Remarks). The remarks in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, A. Matheson Master of the S.S. Voltaire from Port of Spain, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the officers thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one availing belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

There is a growing interest in the use of the Internet for the dissemination of information. The Internet is a global network of computers that are connected to each other. It is a vast network that spans the globe and allows people to communicate and share information in a way that was never possible before. The Internet has become an essential part of our lives and is used for a wide range of activities, from shopping to social networking. It has revolutionized the way we live and work and is continuing to shape the future of our society.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Farmers are those who operate a farm, either for himself or others.

Farm laborers are those who work on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Able to read and write). Column 5 is subdivided and the entries therein should be either Yes (can read and write), No (can neither read nor write), or Yes, No (can read but not write).

Column 6 (Nationality). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). See list of races on back of this manifest. The entry in column 7 should show the race or people given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CHIEF.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (NEGRO).

"African" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., the compartments of Piedmont, Lombardy, Venetia, and Trieste, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)." An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence, regardless of length of actual residence therein. The entry in column 10 should show the country, and date of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative in foreign country where alien came). The entry in column 11 should give name and address of such relative. If no such relative, give name and address of friend.

Column 12 (Intended destination). Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination). The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (Whether passage paid). The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether possession of \$20, and if less, how much). The entry in column 15 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where). The entries in column 16 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-95, Philadelphia.

Column 17 (Whether ever before in the United States; and if so, when and where). The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 18 (Remarks). The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which manifest is a citizen or subject.

Column 9 (Race or people).—See list of races on back of this manifest. The entry in column 9 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place, city or town, or intended future permanent residence, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50, and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No, in the United States before, and if so, the year (or period of years) and place, as 1894-95, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 18 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, *Geo. Frank*, Surgeon of the *U. S. [illegible]

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, A. Matheson, Master of the S.S. Voltaire, from Montevideo, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master-Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2. Sex. The entry in column 2 should be either M. (male) or F. (female).
Column 3. Marital condition. The entry in column 3 should be either M. (married), single, wid., widowed, or D. (divorced).
Column 4. Calling or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:
1. *Farmers*—Those who operate a farm, either for himself or others.
2. *Farm laborers*—Those who work on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5. Able to read and write. (Column 5 is subdivided and the entries thereon should be either Yes, Yes, can read and write; No, No, can neither read nor write; or Yes, No, can read but not write).
Column 6. Nationality. Column 6 should be construed to mean the country of which the immigrant is a citizen or subject.
Column 7. Race or people. See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies (other than Cuban (not Negroes)).
SPANISH-AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (NEGRO).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po, from northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)." Most of these people speak a dialect of the Italian language.

Column 10. Last permanent residence. An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11. Name and complete address of nearest relative in United States (other than spouse). The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12. Permanent residence. Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place, city or town, or intended future permanent residence, if within the United States, country, if outside the United States.

Column 13. Whether known to seek final destination. The entry in column 13 should be either Yes, ticket, or No, no ticket.

Column 14. By whom passage was paid. The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 15. If he has in possession of \$50 and if less, how much. The entry in column 15 should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16. Whether ever before in the United States; and if so, when and where. The entries in column 16 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1904-07, Philadelphia.

Column 17. Going to join relative or friend, and if so, what relative or friend. The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 18. Remarks. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, Paul Trausch, Surgeon of the U.S. Vulture, employed by owners, do solemnly, sincerely, and truly affirm that I have had 18 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of State of Texas

157

and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 1 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification independent of language. The mother tongue is to be used only to assist in determining the original stock.

I, A. Matheson Master of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1: Age. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2: Sex. The entry in column 2 should be either M (male) or F (female).

Column 3: Marital or single. The entry in column 3 should be either M (married), S (single), W (widow), or D (divorced).

Column 4: Calling or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown, as follows:
Farmer: one who operates a farm, either for himself or others.
Farm laborer: one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5: Able to read and write. Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 6: Nationality. Column 6 should be entered to mean the country of which the migrant is a citizen or subject.

Column 7: Race or people. See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies (other than Cuban (not Negroes)).

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALYAN (NORTH).

The people who are native to that portion of Italy (northern Italy) comprising the compartments of Piedmont, Lombardy, Veneto, and Liguria, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALYAN (SOUTH).

The people who are native to that portion of Italy (south of the River Po) comprising the compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)".

Column 8: Last permanent residence. An intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 8 should show the country, and if a return of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9: Name and complete address of nearest next of kin. If no such relative living, give name and address of friend.

Column 10: Place of destination. Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 11: Whether having ticket to such final destination. The entry in column 11 should be either Yes—ticket or No—no ticket.

Column 12: By whom passage was paid. The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13: Whether a passenger or stevedore, and if so, for which. The entry in column 13 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 14: Whether ever before in the United States, and if so, when and where. The entries in column 14 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-97, Philadelphia.

Column 15: Whether a prospective friend, and if so, what relative or friend. The entry in column 15 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 16 to 19. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, A. Matheson, Master of the U.S.S. Voltaire, from Monterideo, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 2 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 2 day of Oct, 1912

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Marital or single).—The entry in column 3 should be either M (married), S (single), W (widow), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc. and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Farmers.—One who operates a farm, either for himself or others.

Farm laborer.—One who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries thereon should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "Irish" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALYAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., the compartments of Piedmont, Lombardy, Venetia, and Liguria and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a dialect distinct of the Italian language.

ITALYAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italian (south)".

Column 10 (Int permanent residence).—An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States (or country of last permanent residence).

Column 11 (Name and complete address of nearest relative in United States or Canada).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Intend destination).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place, city or town, or intended future permanent residence, if within the United States, country, if outside the United States.

Column 13 (Whether has a ticket issued by final destination).—The entry in column 13 should be either Yes—ticket or No—no ticket.

Column 14 (By whom are passage paid).—The entry in column 14 should show definitely by whom passage was paid as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 15 (Whether in possession of \$50, and if so, how much).—The entry in column 15 should give in each case, individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, *A. Matheson* Master of the *S. S. Voltaire* from *Santos Brazil* do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *in number* and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), Wd (widow), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc. and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—See list of races on back of this manifest. The entry in column 7 should show the race or people given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

ITALIAN (SOUTH).

The people whose native birth is in the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (NORTH).

The people whose native birth is in that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Saragines and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intention of remaining as long as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country, not city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative in foreign country whose name is known).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Intended future permanent residence).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place, city or town, or intended future permanent residence, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 15 (Whether in possession of \$20, and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States, and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend, and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 18 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, *Geo. Frank*, M.D., Surgeon of the *Voltaire*, *Employed*, do
solemnly, sincerely, and truly *affirm* that I have had *11*
years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of *State of Texas*.
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, *2* in number, are, according
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, *Mr. Theron* Master of the *S. S. Voltaire* from *Buenos Aires* do solemnly, sincerely, and truly *swear* that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *three* in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).
Column 3 (Married or single).—The entry in column 3 should be either M (married), single, Wd (widowed), or D (divorced).
Column 4 (Calling or occupation).—The entry in column 4 should describe, as accurately as possible, the occupation, trade, or profession of each alien arriving, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown, as follows:
Farmer is one who operates a farm, either for himself or others.
Farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).
Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.
Column 7 (Race or people).—See list of races on back of this manifest. The entry in column 7 should show the race or people as given in said list.
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

There is no "Cuban" race; the Cuban people are not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN-AMERICAN

"African-American" refers to the African people whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

Column 8 (Place of birth).—The people who are natives to the basin of the River Po in northern Italy, the compartments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as "Italian (northern)". Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH)

The people who are natives to that portion of Italy south of the basin of the River Po, the compartments of Liguria, Toscana, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardeña, and their descendants should be classified as "Italian (south)".

Column 9 (Intended permanent residence).—An intended residence of one year shall constitute permanent residence. The last country in which an alien resided with the intent not to remain longer as one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative in United States).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Place of destination).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 12 should show definitely the place, city or town, of intended future permanent residence, or within the United States, country outside the United States.

Column 13 (Whether he has a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 15 (Whether in possession of \$20 and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States, and if so, when and where).—The entries in column 16 should show whether or not Yes or No in the United States before, and if so, the year (or period of years) and place, as 1891-92, Philadelphia.

Column 17 (Whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address).—The entry in column 17 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 18 (Remarks).—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, *Leo F. Francis*, Surgeon of the *U. S. Marine*, *Employed by the U. S. Marine*, do solemnly, sincerely, and truly declare that I have had *11* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of *State of Texas*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Let t_1, \dots, t_n be the vertices of $\mathcal{P}(n)$. Let v_1, \dots, v_n be all places of $\mathcal{P}(n)$ of degree n . Let $t_i = (t_i, v_i)$ for $i = 1, \dots, n$. Then $\mathcal{P}(n)$ is a tree with root t_1 . The only leaves of $\mathcal{P}(n)$ are t_1, \dots, t_n , while the parents of t_i are t_{i-1} and t_{i-2} , where $t_0 = t_1$ and $t_{-1} = t_2$, which are not in $\mathcal{P}(n)$. Therefore, $\mathcal{P}(n)$ is a complete binary tree.

Column 1. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Occupation or profession).—The entry in column 4 should be as accurate as possible the occupation, trade, or profession of each alien arrival, as for example: Coal miner, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown, as follows:

Farmer—one who operates a farm, either for himself or others.

Farm laborer—one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Column 6 (Country of birth).—Column 6 should be construed to mean the country of which immigrant is citizen or subject.

Column 7 (Race or people).—Should be filled in back of this manifest. The entry in column 7 should show the race or people as given in said list.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African race, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with an admixture of blood of the African Negro should be classified under this heading.

The people who are native to that portion of Italy, south of the River Po (i.e., compartments of Lombardy, Liguria, the Marches, the Riviera, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (south)". Most of these people speak Italian and are of the Italian race.

ITALIAN (NORTH).

The people who are native to that portion of Italy, north of the River Po (i.e., compartments of Lombardy, Liguria, the Marches, the Riviera, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (north)".

Column 8 (Intended residence).—An intended residence of one year shall constitute permanent residence. The last count, which is completed with the intent not remaining as long as one year shall be the last permanent residence regarded as length of a final residence therein. The entries in column 8 should show the country, State, or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States citizens of last permanent residence.

Column 9 (Name of nearest relative in United States).—The entry in column 9 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 10 (Place of intended residence).—Intended future permanent residence shall be the final destination. An intended residence of one year shall constitute permanent residence. The entry in column 10 should show definitely the place, city or town, or intended future permanent residence, within the United States, or country, if outside the United States.

Column 11 (Whether he has been in United States before).—The entry in column 11 should be either Yes, ticket, or No, no ticket.

Column 12 (By whom passage was paid).—The entry in column 12 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether he has been in United States before).—The entry in column 13 should give in each case, individual or family, the exact amount of money shown, Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether he has been in United States before).—The entry in column 14 should show whether or not Yes or No in the United States before, and also, the year or period of years, and place, as 1891-97, Philadelphia.

Column 15 (Whether he has been in United States before).—The entry in column 15 should show whether going to join other relatives or friend, and if so, what relative or friend, with name and complete address.

Column 16 (Whether he has been in United States before).—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

"Race or people" is to be determined by the stock from which aliens
sprang and the language they speak. The original stock or blood shall
be the basis of the classification independent of language. The mother
tongue is to be used only to assist in determining the original stock.

For instance, "France" appearing on a manifesto doesn't necessarily mean "French" by race or people, and similarly, "French" appearing on a manifesto doesn't necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality.
